**Proxy Statement for Annual Meeting of Stockholders
To Be Held on April 29, 2009**

GENERAL INFORMATION

The Board of Directors of Federal Signal Corporation is furnishing this proxy statement to you in order to solicit your proxy for use at the Annual Meeting of Stockholders to be held at the Elgin Sweeper Company, 1300 West Bartlett Road, Elgin, Illinois 60120 on Wednesday, April 29, 2009 at 8:30 a.m., local time, and any adjournment(s) or postponement(s) of such meeting. The purpose of the Annual Meeting of Stockholders is:

1. To elect three (3) Class I directors. The Board of Directors has nominated James E. Goodwin, William H. Osborne and Joseph R. Wright as its candidates for election as Class I directors.

OUR BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT STOCKHOLDERS VOTE “FOR” JAMES E. GOODWIN, WILLIAM H. OSBORNE AND JOSEPH R. WRIGHT USING THE WHITE PROXY CARD.

2. To ratify the appointment of Ernst & Young LLP as our independent registered public accounting firm for 2009.

OUR BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT STOCKHOLDERS VOTE “FOR” THE RATIFICATION OF ERNST & YOUNG LLP AS OUR INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR 2009 USING THE WHITE PROXY CARD.

3. To transact any other business that may properly come before the Annual Meeting or any adjournment(s) or postponement(s) of such meeting.

This proxy statement and the accompanying WHITE proxy card were first mailed to stockholders on or about March 31, 2009.

Voting Your Shares

You may vote on the above matters in the following ways:

- **By Telephone or Internet:** You may vote by telephone or Internet by following the instructions included on the enclosed WHITE proxy card.
- **By Written Proxy:** You may vote by written proxy by signing, dating and returning the enclosed WHITE proxy card in the postage-paid envelope provided.
- **In Person:** If you are a record stockholder, you may vote in person at the Annual Meeting. You are a record stockholder if your shares are registered in your name. If your shares are in the name of your broker or bank, your shares are held in “Street-name” and you are not a record stockholder. If your shares are held in Street-name and you wish to vote in person at the Annual Meeting, you will need to contact your broker or bank to obtain a legal proxy allowing attendance at the Annual Meeting. If you plan to attend the Annual Meeting in person, please bring proper identification and proof of ownership of your shares.

You will be entitled to vote at the Annual Meeting only if you held shares of our common stock of record at the close of business on March 3, 2009, the “record date.” You will be entitled to one vote for each share you owned on the record date for each of three directorships to be elected and on each other matter presented at the meeting. On the record date, there were 47,592,751 shares of our common stock issued and outstanding.

Our By-Laws provide that a majority of the outstanding shares, present in person or by proxy, will constitute a quorum at the Annual Meeting. For purposes of determining if a quorum is present, we will count all proxies designated as “withholding authority” to vote for a nominee or nominees or “abstaining” from any proposal, as well as “broker non-votes,” as shares represented at the Annual Meeting and counted toward establishing the presence of a quorum.

You can direct how your shares will be voted at the Annual Meeting by signing, dating and returning the enclosed WHITE proxy card. If you return a WHITE proxy card, but no specific voting instructions are given with respect to a proposal, your shares will be voted “for” each of the three nominees named on the WHITE proxy card and “for” the ratification of the appointment of Ernst & Young LLP as our independent auditors for 2009, as applicable.

If you hold your shares in more than one account, you will receive a WHITE proxy card for each account. To ensure that all of your shares are voted, please vote by telephone or Internet for each account, or sign, date and return a WHITE proxy card for each account in the postage-paid envelope provided.

We have received notice from Warren B. Kanders, a stockholder of our Company, that he intends to nominate at the Annual Meeting, and to solicit proxies in favor of, his own slate of three nominees for election to your Board of Directors as Class I directors. As a result, you may receive proxy solicitation materials from Mr. Kanders, including a proxy statement and alternate proxy card. To ensure stockholders have our Company’s latest proxy information and materials to vote, the Board expects to conduct multiple mailings prior to the date of the Annual Meeting, each of which will include a WHITE proxy card regardless of whether or not you have previously voted. Only the latest dated proxy card you vote will be counted.

THE BOARD OF DIRECTORS URGES YOU NOT TO SIGN OR RETURN ANY PROXY CARD SENT TO YOU BY MR. KANDERS. Even if you have previously signed a proxy card sent by Mr. Kanders, you have every right to change your vote by using your WHITE proxy card to vote by telephone or Internet, or by signing, dating and returning the enclosed WHITE proxy card in the postage-paid envelope provided. Only the latest dated proxy card you vote will be counted. We urge you to disregard any proxy card sent to you by Mr. Kanders.

The Board of Directors has NOT endorsed Mr. Kanders’ nominations and urges you to vote “FOR” the Board’s nominees for director using the WHITE proxy card TODAY. Please do not return any proxy card sent to you by Mr. Kanders even as a protest vote.

Broker Non-Votes

Under the rules that govern brokers who have record ownership of shares that they hold in Street-name for clients who beneficially own such shares, a broker may vote such shares in its discretion on “routine” matters if the broker has not received voting instructions from its client, but a broker cannot exercise its own discretion to vote such shares on certain “non-routine” matters absent voting instructions from its client. When a broker votes a client’s shares on some but not all of the proposals presented at the meeting, each non-routine proposal for which the broker cannot vote because it has not received a voting instruction from the client is referred to as a “broker non-vote.”

If Mr. Kanders solicits proxies, then each of the proposals will be considered a “non-routine” matter for any brokerage accounts solicited by Mr. Kanders. Thus, if your shares are held through a broker and Mr. Kanders provides you with proxy solicitation materials through your broker and you do not provide instructions to your broker as to how your shares are to be voted in the election of directors, your broker would not be able to vote your shares on any of the proposals after the time Mr. Kanders commences that solicitation.

If Mr. Kanders does not solicit proxies, each of the proposals will be considered a routine matter, and a broker will be permitted to vote its client’s shares in the broker’s discretion absent instructions from its client.

We urge you to provide instructions to your broker to ensure that your votes will be counted on these important matters. If Mr. Kanders solicits proxies to elect one or more of his nominees to our Board of Directors, and a broker cannot vote a client’s shares because the broker has not received voting instructions from the client on any of the proposals presented at this meeting, then such client’s shares will not be voted in person or by proxy and will not count for purposes of determining whether a quorum is present. You should vote your shares by following the instructions provided on the WHITE proxy card and returning your WHITE proxy card to your broker to ensure that a WHITE proxy card is voted on your behalf.

Votes Required to Elect Directors and Ratify the Appointment of Ernst & Young for 2009

Our By-Laws provide that, in an uncontested election, a nominee for director shall be elected to the Board if a quorum is present and if the votes cast “for” such nominee’s election exceed the “withhold” votes cast against such nominee’s election. In addition, our Corporate Governance Guidelines include a director resignation policy that requires each director nominee, prior to each election of directors at an annual meeting, to submit to the Board an irrevocable letter of resignation from the Board which will become effective if that director does not receive the

necessary votes and the Board determines to accept such resignation. In such circumstances, the Board's Nominating and Governance Committee will evaluate and make a recommendation to the Board with respect to the submitted resignation. The Board will take action on the recommendation within 180 days following the stockholders' meeting at which the election occurred. In such circumstances, we will publicly disclose the Board's decision including, if applicable, the reasons for rejecting a resignation.

The majority voting standard does not apply, however, if the number of nominees for director exceeds the number of directors to be elected. Our By-Laws provide that in such circumstances, directors will instead be elected by a plurality of the votes cast. Because the number of nominees timely nominated for election at the Annual Meeting exceeds the number of directors to be elected at the meeting, the election of directors at the Annual Meeting is a contested election. As a result, directors will be elected by a plurality of the votes cast at the Annual Meeting, meaning that the three (3) nominees receiving the most votes will be elected. Shares cannot be voted for more than three (3) nominees for the election of directors at the Annual Meeting, and only one vote per share may be cast for a given nominee. If you return more than one proxy card, only the latest dated proxy card you vote will be counted.

Only votes cast "FOR" a nominee will be counted at the Annual Meeting. Unless indicated otherwise by your WHITE proxy card, if you vote using a WHITE proxy card, your shares will be voted "FOR" the three (3) nominees recommended by the Board of Directors and named in this proxy statement. Stockholder instructions on the accompanying WHITE proxy card to withhold authority to vote for one or more of the nominees, and abstentions, will result in those nominees receiving fewer "FOR" votes but will not count against a nominee's election.

If Mr. Kanders were to withdraw his nomination of three nominees for director prior to the election of Class I directors at the Annual Meeting, then the election would be uncontested and the majority voting standard described above would apply.

The proposal to ratify the appointment of Ernst & Young LLP as our independent registered public accounting firm for 2009 will require the affirmative vote of a majority of the votes cast affirmatively or negatively at the Annual Meeting for approval. An abstention will not count as a vote cast against these matters.

Shares Held in 401(k) Plan

On March 3, 2009, our 401(k) Plan, which is called the Federal Signal Corporation Retirement Savings Plan, held 1,305,337 shares of our common stock in the name of Vanguard Fiduciary Trust Company, as trustee of the 401(k) Plan. If you are a participant in the 401(k) Plan, you may instruct Vanguard how to vote shares of common stock credited to your 401(k) Plan account by indicating your instructions on your WHITE proxy card and returning it by April 24, 2009. A properly executed proxy card will be voted by Vanguard as directed. If no proper voting direction is received, Vanguard, in its capacity as the 401(k) Plan Trustee, will vote your shares held in the 401(k) Plan in the same proportion as votes received from other participants in the 401(k) Plan.

Revocability of Proxy

You may revoke your proxy at any time before it is voted by:

- voting by telephone or Internet on a later date, or delivering a later-dated proxy card prior to or at the Annual Meeting,
- filing a written notice of revocation with our Corporate Secretary, or
- attending the Annual Meeting and voting your shares in person. Attendance alone at the Annual Meeting will not revoke a proxy.

Householding of Proxies

The Securities and Exchange Commission has adopted rules that permit companies and intermediaries such as brokers to satisfy delivery requirements for annual reports and proxy statements with respect to two or more stockholders sharing the same address by delivering a single annual report and/or proxy statement addressed to those stockholders. This process, which is commonly referred to as "householding," potentially provides extra convenience for stockholders and cost savings for companies. We and some brokers may household annual reports and proxy materials, delivering a single annual report and/or proxy statement to multiple stockholders sharing an address unless contrary instructions have been received from the affected stockholders.

Once you have received notice from your broker or us that they or we will be householding materials to your address, householding may continue until you are notified otherwise or until you revoke your consent. You may

request to receive at any time a separate copy of our annual report or proxy statement, by sending a written request to Federal Signal Corporation, 1415 West 22nd Street, Suite 1100, Oak Brook, IL 60523, Attn: Corporate Secretary, or call 630-954-2008.

If, at any time, you no longer wish to participate in householding and would prefer to receive a separate annual report and/or proxy statement in the future, please notify your broker if your shares are held in a brokerage account or us if you hold registered shares. You can notify us by sending a written request to Federal Signal Corporation, 1415 W. 22nd Street, Suite 1100, Oak Brook, IL 60523, Attn: Corporate Secretary, or call the number above. If, at any time, you and another stockholder sharing the same address wish to participate in householding and prefer to receive a single copy of our Annual Report and/or proxy statement, please notify your broker if your shares are held in a brokerage account or us if you hold registered shares. You can notify us by sending a written request to Federal Signal Corporation, 1415 West 22nd Street, Suite 1100, Oak Brook, IL 60523, Attn: Corporate Secretary, or call the number above.

Solicitation Costs and Manner of Solicitation

We will bear all costs relating to our solicitation of proxies. We have retained the services of Innisfree M&A Incorporated to solicit proxies for the Annual Meeting for a fee not to exceed \$300,000 and agreed to reimburse them for certain expenses. Innisfree M&A Incorporated will employ approximately 80 people for the solicitation. Proxies may be solicited by mail, in person or by telephone or other electronic means.

As discussed above, Mr. Kanders has indicated that he will nominate three directors to stand for election at the Annual Meeting. As a result, we have and will continue to incur substantial additional costs in connection with the Annual Meeting. Increased costs will include increased fees of outside counsel and public relations advisors, increased printing and mailing costs for additional solicitation materials, including the reimbursement of reasonable expenses of banks, brokerage houses and other agents incurred in forwarding solicitation materials to beneficial owners as described above, and the costs of retaining an independent inspector of election. We estimate that the aggregate cost (exclusive of litigation, if any) to us for the solicitation of proxies will be approximately \$1,800,000, of which approximately \$500,000 has been incurred to date. The additional costs do not include the costs represented by the regular salaries and wages of our employees and officers.

Appendix A to this proxy statement sets forth certain information relating to our directors, nominees and executive officers who may be soliciting proxies on our behalf. These persons will not receive any additional compensation for assisting in the solicitation, but may be reimbursed for reasonable out-of-pocket expenses in connection with the solicitation.

Stockholder Questions

If you have any questions about the Annual Meeting or if you need additional copies of this proxy statement or the enclosed WHITE proxy card, please contact the firm assisting us with the solicitation of proxies:

PROPOSAL 1 — ELECTION OF DIRECTORS

Our Company's Board of Directors consists of ten directors divided into three classes. Classes I and II each consist of three members and Class III consists of four members. Each class is elected for a term of three-years and the classes together are staggered so that one class term expires each year.

James E. Goodwin, William H. Osborne and Joseph R. Wright have been nominated by our Board of Directors as a Class I director for election at the Annual Meeting for a term of three-years to expire at the 2012 Annual Meeting or until his successor is elected and qualified. Mr. Osborne has served as our President and Chief Executive Officer since September 15, 2008, and Messrs. Goodwin and Wright are current directors standing for re-election. All of the nominees have been recommended for nomination by the Board of Directors acting on the recommendation of the Nominating and Governance Committee of the Board of Directors, which consists solely of independent members of the Board of Directors. Current Class I director James C. Janning is not standing for reelection at the Annual Meeting.

Unless you withhold authority to vote for the election of directors, your WHITE proxy card will be voted "FOR" the election of Messrs. Goodwin, Osborne and Wright. Each of the nominees has consented to being named in this proxy statement and to serve if elected. If any of the nominees should decline or be unable to serve as a director, the persons named as proxies in the accompanying WHITE proxy card will vote in accordance with their best judgment. We have no reason to believe that any of the nominees will be unwilling or unable to serve. However, if any nominee is not available for election, the Board may name a substitute nominee for whom votes will be cast.

Pursuant to our By-Laws, in an uncontested election, a nominee for director shall be elected to the Board if a quorum is present and if the votes cast "for" such nominee's election exceed the "withhold" votes cast against such nominee's election. The majority voting standard does not apply, however, if the number of nominees for director exceeds the number of directors to be elected. Our By-Laws provide that in such circumstances, directors will instead be elected by a plurality of the votes cast. Because the number of nominees timely nominated for election at the Annual Meeting exceeds the number of directors to be elected at the meeting, the election of directors at the Annual Meeting is a contested election. As a result, directors will be elected by a plurality of the votes cast at the Annual Meeting, meaning that the three (3) nominees receiving the most votes will be elected. Shares cannot be voted for more than three (3) nominees for the election of directors at the Annual Meeting, and only one vote per share may be cast for a given nominee. If you return more than one proxy card, only the latest dated proxy card you vote will be counted.

Background and Certain Contacts with Mr. Kanders

In early 2008, in connection with the Company's search for a new Chief Executive Officer, one of the Company's then-largest stockholders submitted Mr. Kanders to the Company as a potential candidate for such position. On February 22, 2008, the Company's investment bank also informed the Company of Mr. Kander's interest in being considered as a candidate for Chief Executive Officer.

On April 24, 2008, Mr. Kanders sent a letter to the Company, introducing himself and submitting his candidacy for Chief Executive Officer and a director of the Company.

On May 15, 2008, Mr. Kanders met with the Company's CEO Search Committee (comprised of Messrs. Campbell, Goodwin, Janning and McCartney) and presented his credentials as a candidate for Chief Executive Officer.

On May 21, 2008 the Company, through the executive search firm it had retained, requested that, in connection with the CEO Search Committee's consideration of his candidacy for Chief Executive Officer, Mr. Kanders participate in certain interviews and psychological testing and complete a related questionnaire in advance of such interviews and testing. On May 23, 2008, in connection with such interviews and testing, Mr. Kanders sent a letter to the executive search firm requesting, among other things, that the Company and each member of the Board agree that the results of such interviews and testing be held in the strictest confidence. In a letter dated May 30, 2008, the executive search firm confirmed to Mr. Kanders that all finalists under consideration would undergo the same tests and interviews, and that the results of the interview would be held in the strictest confidence. In a letter dated May 30, 2008, Mr. Kanders informed the executive search firm that he would not be able to complete the questionnaire prior to the scheduled interview date, but would be willing to discuss his answers to the questionnaire as part of the interview, or provide such answers by telephone prior to such interview.

On June 12, 2008, Mr. Kanders sent a letter to the Company describing certain events on June 10, 2008 relating to the proposed psychological tests. Among other things, Mr. Kanders noted that the third party firm engaged by the Company to administer such testing requested that Mr. Kanders sign such firm's form confidentiality agreement in connection with such testing, and that Mr. Kanders declined to sign the agreement without prior review by his legal counsel. Consequently, the psychological testing was not completed. Mr. Kanders also noted that, although his counsel and counsel for the third party testing firm had subsequently agreed to terms of the confidentiality agreement, Mr. Kanders' schedule for the remainder of the month would not allow him to complete the testing.

On June 13, 2008, the Company sent a letter to Mr. Kanders informing him that the psychological testing referred to above comprised an important component of the Chief Executive Officer Search Committee's evaluation process and, therefore, Mr. Kanders should make arrangements to complete such testing on or before June 25, 2008 in order to continue to be considered for the position. In a letter dated June 17, 2008, Mr. Kanders, among other things, expressed his disappointment in the Company's June 13, 2008 letter. In a letter dated June 20, 2008, the Company reiterated to Mr. Kanders that the Chief Executive Officer search process applied to all candidates and that Mr. Kanders must participate in the psychological testing by June 25, 2008 in order to remain a candidate. In a letter dated June 24, 2008, Mr. Kanders indicated that he would not be participating in the testing, but would still like to be considered as a candidate for Chief Executive Officer. In a letter dated June 26, 2008, the Company informed Mr. Kanders that, since he did not complete the psychological testing during the requested time frame, the Company would be moving forward with its selection and recruiting process with the remaining Chief Executive Officer candidates. The letter also noted that the Board would welcome the opportunity to meet with Mr. Kanders to hear his ideas and recommendations for addressing the issues confronting the Company, and invited the scheduling of such a meeting.

In a letter to the Company dated July 9, 2008, Mr. Kanders, among other things, expressed his continued interest in the Chief Executive Officer position. In a response dated July 14, 2008, the Company reiterated the offer to meet with Mr. Kanders to discuss his ideas about the Company and noted that if Mr. Kanders would not be available to meet in person, a telephone conference could be arranged at Mr. Kanders' convenience. On July 16, 2008, Mr. Kanders sent a letter to the Company in which, among other things, he proposed to meet with the Board during the week following the Company's earnings announcement on July 25, 2008 to discuss his ideas and his candidacy for Chief Executive Officer.

On July 23, 2008, Mr. Kanders sent a letter to the Company in which, among other things, he expressed disappointment over the purchase price the Company received from its sale of its subsidiary, E-ONE, Inc., and the Company's stock performance. In a response dated July 28, 2008, the Company noted and disputed a number of assertions in Mr. Kanders' July 23, 2008 letter and reiterated the Board's willingness to meet with Mr. Kanders, but noted that such meeting would not include a discussion of the Chief Executive Officer position, as Mr. Kanders was no longer a candidate for such position.

In letters dated August 4, 2008, August 15, 2008, September 2, 2008, and October 28, 2008, Mr. Kanders, among other things, criticized what he asserted were: a variety of shortcomings in the Board's governance of the Company; poor performance by the Company's management; a lack of candor on the part of the directors and members of management; and lapses of the directors' performance of their duties in connection with previous changes in the management of the Company (as to which he called for an investigation to be conducted by directors that were not disabled by what Mr. Kanders asserted was a conflict of interest). In addition, he called for Mr. Janning to resign as Chairman and a member of the Board. During this same period the Company and members of its management publicly disputed Mr. Kanders' assertions and expressed unanimous support for Mr. Janning through letters to the Company's employees and other public statements.

On January 16, 2009, Mr. Kanders sent a letter to the Company, notifying the Company of his intent to nominate himself and each of Steven Gerbsman and Nicholas Sokolow for election to the Board at the 2009 Annual Meeting of Stockholders.

On February 5, 2009, the Company sent a letter to Mr. Kanders inviting each of Messrs. Kanders, Gerbsman and Sokolow to meet with the Nominating and Governance Committee, in order for the Committee to evaluate each nominee's qualifications for director and potential contributions to the Company. In subsequent correspondence between February 6, 2009 and February 11, 2009, the Company and Mr. Kanders agreed that February 24, 2009 would be a convenient date to hold the interviews, and that Mr. Kanders would also meet with Messrs. Osborne and Barker in advance of the interviews, on February 23, 2009.

On February 13, 2009, the Company sent a letter to Mr. Kanders, enclosing the form of Director and Officer Questionnaire to be completed by each of Mr. Kanders' nominees, in accordance with the Company's By-Laws.

Each of Messrs. Kanders, Gerbsman and Sokolow returned a completed questionnaire to the Company on February 20, 2009.

On February 23, 2009, Mr. Kanders met with Messrs. Osborne and Barker to discuss the Company generally.

On February 24, 2009, the Nominating and Governance Committee and Mr. McCartney met with and interviewed each of Messrs. Kanders, Gerbsman and Sokolow, in order to evaluate each nominee's qualifications for director and potential contributions to the Company.

On February 25, 2009, Mr. Kanders sent a letter to the Company, thanking the members of the Nominating and Governance Committee that participated in the interviews on February 24, 2009 for the opportunity to present the credentials of Messrs. Kanders, Gerbsman and Sokolow.

On March 5, 2009, the Company sent a letter to Mr. Kanders, thanking him, Mr. Gerbsman and Mr. Sokolow for meeting with the Nominating and Governance Committee on February 24, 2009 and informing Mr. Kanders that the Board, upon the recommendation of the Nominating and Governance Committee, had determined to nominate Messrs. Goodwin, Osborne and Wright as its candidates for election as Class I directors at the upcoming Annual Meeting.

On March 9, 2009, Mr. Kanders sent a letter to the Company, requesting the opportunity to inspect a list of the Company's stockholders and other materials pursuant to Section 220 of the Delaware General Corporation Law, and requesting certain information pursuant to Rule 14a-7 under the Securities Exchange Act of 1934. On March 16, 2009, the Company sent a letter to Mr. Kanders, stating that it would make available to Mr. Kanders such information referred to in the March 9, 2009 letter that is currently available to the Company and that a stockholder of the Company is entitled to examine under Section 220 of the Delaware General Corporation Law, and providing certain information in accordance with Rule 14a-7 under the Securities Exchange Act.

On March 20, 2009, Mr. Kanders placed a telephone call to Mr. Wright who returned that call on March 23, 2009 and spoke with Mr. Kanders. Mr. Kanders asked questions regarding specific Board decisions as to which Mr. Wright gave general responses. Mr. Kanders also expressed his dissatisfaction with senior management and the Board of Directors.

Recommendation of the Board of Directors

Our Board believes that the re-election of Messrs. Goodwin and Wright, and the election of Mr. Osborne, our President and Chief Executive Officer, will further the best interests of all of our stockholders, as opposed to the election of the nominees proposed by Mr. Kanders. As part of its regular governance process for the Annual Meeting, the Board evaluated a number of candidates in order to determine a slate of nominees that would best represent Federal Signal stockholders. The Board's Nominating and Governance Committee and Mr. McCartney met with and considered a number of individuals, including Messrs. Goodwin, Osborne and Wright, and the three individuals nominated by Mr. Kanders, including Mr. Kanders himself.

After careful consideration, the Board unanimously determined that Messrs. Goodwin, Osborne and Wright are the most qualified candidates as they have, in the opinion of the Board, the requisite experience and a deeper knowledge of the Company's business than the nominees proposed by Mr. Kanders. In addition, the Board believes that Messrs. Goodwin, Osborne and Wright would serve the interests of all of the Company's stockholders better than the nominees proposed by one stockholder.

Our Board urges you to vote to elect Messrs. Goodwin, Osborne and Wright as Class I directors by marking, signing, dating and returning the enclosed WHITE proxy card only and not to sign or return any proxy card provided by Mr. Kanders.

INFORMATION CONCERNING THE BOARD OF DIRECTORS

Independence of Members of the Board of Directors

The Board of Directors has determined that all of our directors and all of the Board-recommended nominees for director, other than Mr. Osborne, qualify as independent. In making this determination, the Board of Directors considered the rules of the New York Stock Exchange and the Securities and Exchange Commission, and reviewed information provided by the directors and nominees in questionnaires and other certifications concerning the relationships that we may have with each director or nominee (including each director's immediate family members and other associates), including any charitable contributions that we may have made in the past and/or continue to make to organizations with which such director or nominee is affiliated.

Meetings of the Board of Directors and Committees

During 2008, our Board of Directors held a total of thirteen meetings. The Compensation and Benefits Committee held seven meetings; the Nominating and Governance Committee held five meetings; the Audit Committee held seven meetings; and the Executive Committee held no meetings. Our Corporate Governance Guidelines require each director to regularly attend meetings of the Board of Directors and all Board Committees upon which the director serves. Each director attended at least 75% of the meetings of the Board and of each Committee of which he or she was a member. In addition, all of our directors attended our 2008 Annual Meeting of Stockholders.

Committees of the Board of Directors

Pursuant to our By-Laws, we have established standing Audit, Nominating and Governance, Compensation and Benefits, and Executive Committees. Descriptions of our standing committees follow:

Audit Committee The Audit Committee of the Board of Directors is responsible for monitoring:

- the integrity of our financial statements;
- the qualifications and independence of our independent registered public accounting firm;
- the performance of our internal audit function and independent registered public accounting firm; and
- our compliance with legal and regulatory requirements, including our Code of Business Conduct for all employees and Code of Ethics for the Chief Executive Officer and senior financial officers.

In fulfilling its role, the Audit Committee reviews the design and operation of internal control processes and the manner in which we control our major financial risk exposures. The Audit Committee has direct and regular access to our financial executives, including the Vice President of Internal Audit and the Senior Vice President and Chief Financial Officer. Additionally, the Audit Committee has direct and regular access to the independent registered public accounting firm. The Audit Committee has the sole authority to appoint or replace our independent registered public accounting firm, and is directly responsible for overseeing the work of and determining the appropriate compensation for our independent registered public accounting firm. In addition, the Audit Committee considers and approves the performance of non-audit services by our independent registered public accounting firm, taking into consideration the effect that the performance of these services may have upon the independence of the independent registered public accounting firm.

The Board of Directors has determined that all of the members of the Audit Committee are independent as defined under the applicable New York Stock Exchange and Securities and Exchange Commission rules. The members of the Audit Committee are Charles R. Campbell (Chairman), Robert M. Gerrity, James E. Goodwin, Robert S. Hamada and Dennis J. Martin. James C. Janning was a member of the Audit Committee until April 21, 2008 when he was replaced by Mr. Martin, who joined our Board in March 2008. The Board of Directors has determined that Mr. Campbell qualifies as an "audit committee financial

expert” as defined by the Securities and Exchange Commission. None of the Audit Committee members serves on more than three public companies’ audit committees (including our Company).

Nominating and Governance Committee The Nominating and Governance Committee is responsible for recommending guidelines to the Board of Directors for corporate governance, including the structure and function of our Board of Directors, its Committees and the management of our Company, as well as identification and recommendation to the Board of Directors of candidates to be elected as directors. The Committee also advises the Board of Directors as to appropriate compensation for serving as a member of our Board of Directors.

Stockholders may recommend individuals for the Nominating and Governance Committee to consider as potential directors by giving written notice to our Corporate Secretary at least 90 days but not more than 120 days prior to the first anniversary of the preceding year’s Annual Meeting, along with the specific information required by our By-Laws, including, but not limited to, the name and address of the nominee; the number of shares of our common stock beneficially owned by the stockholder (including associated persons) nominating such nominee; and a consent by the nominee to serve as a director if elected that would be required for a nominee under the Securities and Exchange Commission rules. If you would like to receive a copy of the provisions of our By-Laws setting forth all of these requirements, you should write to our executive offices, Attn: Corporate Secretary. The Nominating and Governance Committee has not adopted any specific procedures for considering the recommendation of director nominees by stockholders, but will consider stockholder nominees for new directorship on the same basis as other nominees.

The Nominating and Governance Committee has set no specific minimum qualification for a nominee to the Board of Directors although under our revised Corporate Governance Guidelines, no person may stand for election as a director after attaining age 72 without a waiver from the Board. Generally, in evaluating a director candidate, the Nominating and Governance Committee considers the current make-up of the Board of Directors, the skills and business experience of the particular nominee, and the potential value the nominee would add to the Board of Directors. The Board of Directors has determined that all of the members of our Nominating and Governance Committee are independent as defined under the applicable New York Stock Exchange rules. The members of the Nominating and Governance Committee are Robert S. Hamada (Chairman), James C. Janning, Robert M. Gerrity, Brenda L. Reichelderfer and James E. Goodwin. Additional Information About Director Compensation

The Nominating and Governance Committee of our Board of Directors advises our Board on the annual compensation for our non-employee directors. In order to set competitive compensation for our non-employee directors, our Nominating and Governance Committee may consult third party advisors, generally available source material, proxy statements and data from peer companies.

Our non-employee directors receive both cash and equity compensation as detailed below. Our Chairman, based on his key role and time commitment, receives additional compensation in cash and equity on a per diem basis for other time spent on Board matters.

Pursuant to our director stock ownership program, each non-employee director who does not own shares of our common stock equal in value to at least three times the annual retainer paid to non-employee directors is required to receive at least 50% of annual fees earned in any given year in stock.

Mr. Martin, elected to our Board on March 12, 2008, received his initial stock option grant on March 12, 2008 at an exercise price of \$12.39 per share, the closing stock price of our common stock on the date of grant. The common stock awards for service as a director were made on the date of our 2008 Annual Meeting of Stockholders, April 22, 2008. Pursuant to our Director Compensation Policy, the number of shares of the common stock awarded was determined by dividing the amount of the award by the closing market price of our common stock on the date of grant which was \$13.85 per share. Accordingly, for 2008, each non-employee director (excluding the Chairman) on the date of our Annual Meeting of Stockholders received a common stock award of 4,333 shares and the Chairman received a common stock award of 5,416 shares.

CORPORATE GOVERNANCE, BUSINESS CONDUCT, AND CODE OF ETHICS; STOCKHOLDER COMMUNICATIONS WITH DIRECTORS

We are committed to good corporate governance. We believe that the foundation of our corporate governance is the independence of our directors, responsible corporate citizenship, and a commitment to the interests of our stockholders. In accordance with the requirements of the New York Stock Exchange and the Sarbanes-Oxley Act of 2002, our Board of Directors has adopted Corporate Governance Guidelines as well as charters for the Nominating and Governance Committee, the Compensation and Benefits Committee and the Audit Committee. These guidelines and charters, as well as our Business Conduct Policies and a Code of Ethics applicable to our Chief Executive Officer and our senior financial officers, are available for review on our website at <http://www.federal signal.com>. In addition, these guidelines, charters and polices (including the Code of Ethics) are available in print to any stockholder who requests them in writing from our Corporate Secretary at the address provided below. We timely submitted our annual certification by the Chief Executive Officer to the New York Stock Exchange within 30 days of our Annual Meeting of Stockholders in 2008. The certification stated our compliance with the New York Stock Exchange's corporate governance listing standards without qualification.

The non-employee directors of the Board meet in executive session without management, as appropriate. The Chairman of the Board of Directors presides over executive sessions. Directors may be contacted as a group, by Committee or individually, and the presiding director or the non-employee directors as a group may be contacted on an anonymous and/or confidential basis by addressing a letter to Federal Signal Corporation, 1415 West 22nd Street, Suite 1100, Oak Brook, IL 60523, Attn: Corporate Secretary. All such letters will be forwarded to the directors. We encourage our directors to attend the 2009 Annual Meeting of Stockholders. All of our directors attended the 2008 Annual Meeting of Stockholders.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

There were no compensation committee interlocks or insider participation on the part of the members of our Compensation and Benefits Committee. The members and functions of our Compensation and Benefits Committee are set forth above under "Committees of the Board of Directors."

CERTAIN RELATIONSHIPS AND RELATED PARTY TRANSACTIONS

During the year ended December 31, 2008, it was determined that none of our directors, Board-proposed nominees for director, executive officers, stockholders owning more than 5% of our common stock, or immediate family members of any such persons engaged in a transaction with us in which such director, nominee for director, executive officer, stockholder owning more than 5% of our common stock, or immediate family member of such persons had a direct or indirect material interest which required disclosure under applicable Securities and Exchange Commission rules.

We maintain various policies and procedures relating to the review, approval or ratification of transactions in which our Company is a participant and in which any of our directors, executive officers, 5% stockholders (if any) or

their family members have a direct or indirect material interest. Our Company Policies for Business Conduct, which are available on our website at <http://www.federsignal.com>, prohibit our directors and employees, including our executive officers, and in some cases, their family members, from engaging in certain activities without prior written consent. These activities typically relate to situations where a director, executive officer or employee, and in some cases, an immediate family member, may have significant financial or business interests in another company competing with or doing business with our Company, or who stands to benefit in some way from such a relationship or activity. Specifically, our Company Policies for Business Conduct include prohibitions against the following: receiving or giving gifts or prizes above a nominal value from or to customers or suppliers; working for a customer or supplier or engaging in outside profit making activities in any area of business in which our Company operates; representing any outside commercial interest during normal business hours or when traveling on Company business; lending or borrowing money from individuals affiliated with an entity with whom the Company conducts business; owning any part of any customer's or supplier's business (excluding routine investments in publicly traded companies); using Company property, information or positions for improper personal gain or benefit; and engaging in Company business with any entity in which a family member has an executive position or a significant financial interest unless approved in advance. Since all types of prohibited transactions cannot be listed, we encourage our employees to seek advice before proceeding if there is any doubt regarding the appropriateness of an arrangement under our Company Policies for Business Conduct.

Pursuant to our Company Policies for Business Conduct and the Audit Committee Charter, the Chairman, Chief Financial Officer and General Counsel implement our Company Policies for Business Conduct, and the Audit Committee reviews, approves, ratifies and makes recommendations to our Board of Directors regarding related person transactions.

Additionally, each year we require our directors and executive officers to complete a questionnaire which identifies, among other things, any transactions or potential transactions with our Company in which a director or an executive officer or one of their family members or associated entities has an interest. We also require that directors and executive officers notify our Corporate Secretary of any changes during the course of the year to the information provided in the annual questionnaire as soon as possible.

We believe that the foregoing policies and procedures collectively ensure that all related person transactions requiring disclosure under applicable Securities and Exchange Commission rules are appropriately reviewed.

COMPENSATION DISCUSSION AND ANALYSIS

Executive Summary

Presented below is a summary of our 2008 business highlights, which provides context for our 2008 pay actions and changes thus far to our 2009 executive compensation program.

2008 Executive Compensation Program Highlights

2008 was a year of important change for our Company. Despite facing unprecedented economic conditions, including an extremely challenging municipal market, our Board of Directors and our management team undertook a series of actions that we believe will position our Company for sustainable and profitable growth and enhance stockholder value.

In 2008, we disposed of underperforming assets, including the cyclical and nonstrategic Tool business and the unprofitable E-ONE, Inc. business, and liquidated its municipal leasing portfolio. In addition, we completed a sale leaseback for two of our manufacturing facilities and captured a large after-tax gain, benefiting from the utilization of capital loss carryforwards. The proceeds from these actions were used to enhance liquidity and strengthen the balance sheet. We reduced debt by approximately \$150 million, or approximately 35%, from December 31, 2007 to December 21, 2008. As of December 31, 2008, our net debt was approximately \$245 million.

We also took steps to improve our cost structure. In November 2008, we announced a planned reduction of salaried personnel related costs. This built upon the procurement and selling, general and administrative expense savings initiatives that were also enacted throughout 2008.

In 2008, the Company took measures to achieve what it believes is a more focused business portfolio, a leaner capital structure and enhanced financial flexibility. Today, we believe we have leadership positions in most markets, strong brands, an increasing global presence and a strong installed base of customers.

A number of actions were taken in 2008, including the following:

- William H. Osborne joined us as our new President and Chief Executive Officer replacing interim President and Chief Executive Officer James E. Goodwin. Additionally, William G. Barker, III joined us as Senior Vice President and Chief Financial Officer. Each received a letter or employment agreement setting forth the initial terms of his employment with our Company.
- Based on our Company's financial performance, our Company and its business groups failed to meet threshold Economic Value goals under the existing management incentive plan. As a result, the named executive officers received no bonus under the Economic Value program for 2008.
- In June 2008, the Compensation and Benefits Committee amended the management incentive plan such that plan participants would be eligible to receive up to 20% of their target bonus if our Company or the applicable business group failed to meet Economic Value thresholds under the existing Economic Value bonus program. This new bonus opportunity was based upon ratings of competencies and the achievement of individual performance objectives.
- A further change to the management incentive plan was the adoption of an amendment which provides the Compensation and Benefits Committee with the discretion to reduce the amount of the bonus earned by any named executive by up to 20%.
- The 2008 long-term equity incentive grant structure was modified to include performance shares such that approximately one-third of the annual equity grant value is contingent upon relative total shareholder return performance. This change was designed to enhance the direct performance connection between the named executive officers and our stockholders.
- Due to our Company's weaker than desired performance, the value of the 2008 long-term equity incentive grants paid to our named executive officers was targeted at the 35th percentile of the value of long-term incentives paid to companies in our comparator group, down from the 50th percentile in the prior year.

Executive Compensation Program Modifications in 2009

For 2009, our Company continues to manage our executive compensation program under difficult market conditions. To date, we have made the following decisions with respect to our executive compensation program:

- Named executive officers did not receive a 2009 base salary increase. Our new President and Chief Executive Officer elected to reduce his base salary by 5% beginning in 2009.
- We modified our management incentive plan to replace the Economic Value program with a new plan under which bonuses are paid upon the achievement of financial measures and individual objectives. This new plan, the Short Term Incentive Bonus Plan, will pay bonuses based upon a combination of earnings (50%), cash flow (20%) and individual performance (30%).
- The new Short Term Incentive Bonus Plan includes a "clawback" or payment recapture feature under which our Company will require, to the extent practicable, a named executive officer to repay a portion of his or her performance bonus payment plus a reasonable rate of interest upon the occurrence of an accounting restatement or a determination by our Board that the performance results were materially inaccurate resulting in an overpayment in the amount of any such performance-based bonus.
- The mix of awards between stock options, restricted stock and performance shares shifted slightly in 2009 such that stock options were weighted at 40%, with restricted stock and performance share awards each weighted at 30%.
- We adopted a prospective policy under which we will not enter into agreements with named executive officers that provide for tax gross-up payments (excluding gross-ups pursuant to a relocation or expatriate tax equalization plan, policy or arrangement). This policy also provides that we will not enter into compensation arrangements with named executive officers which provide for severance payments (excluding the value of any accelerated vesting of any equity based awards) in excess of 2.99 times base salary and bonus unless stockholder approval has been received.
- In an effort to align our pay practices and our stockholders' interests, we have evidenced a commitment to a "pay for performance" philosophy by: (i) the Compensation and Benefits Committee's reviewing all components of our President and Chief Executive Officer's compensation, and reviewing tally sheets for all named executive officers that reflect payments under various termination scenarios; (ii) disclosing performance measures for all performance-based compensation; (iii) granting to all named executive officers

equity compensation of which more than 50 percent is a combination of performance shares (i.e., relative total shareholder return) or conventional stock options; and (iv) the Compensation and Benefits Committee has the authority to hire or fire our compensation consultant.

Compensation Philosophy and Objectives

Our executive compensation and benefits programs are designed to drive and reinforce our business goals and strategies for success in the marketplace and to enable growth, thus motivating management to maximize total stockholder return. As a key component of our executive compensation system, we have adopted a financial performance based philosophy which includes individual objectives designed to develop an efficient culture that emphasizes entrepreneurship, innovation, teamwork, and creativity, and rewards employees who think and act like owners. This program also encourages collaboration and the maximization of long-term stockholder value, which in turn supports the attraction, motivation, and retention of the best global talent. Our executive compensation philosophy can be summarized as follows:

- To create alignment between compensation and business performance by rewarding executives for the achievement of strategic and tactical goals that successfully drive growth in stockholder value for our Company;
- To attract, motivate, and retain highly experienced executives who are vital to our short and long-term success, profitability and growth;
- To differentiate executive rewards based on actual performance; and
- To provide targeted overall compensation levels that are comparable to competitive market practice.

Role of our Compensation and Benefits Committee

Our Compensation and Benefits Committee establishes and oversees our general compensation and benefits philosophy, and approves compensation and benefits for our executive officers. Specifically, our Compensation and Benefits Committee is charged in its charter with the authority and responsibility to:

- Establish the philosophy and set the broad objectives of our executive compensation program to ensure that the compensation program complies with and promotes our goals and objectives;
- Determine the various elements of the executive compensation program, including base salary, annual incentive awards, long-term incentive compensation, benefits and perquisites;
- Establish performance goals for the President and Chief Executive Officer and oversee the establishment of performance goals for the other executive officers and for each business unit;
- Evaluate annually each executive officer's performance in light of the goals established with respect to the officer for the most recently completed year;
- Establish each executive officer's annual compensation level, based upon the executive officer's performance, our financial results and relative stockholder return, the value of compensation paid to a comparable executive officer at comparable companies, the awards given to the executive officer in past years and our capacity to fund the compensation; and
- Review an annual report prepared by the President and Chief Executive Officer on succession planning and related development recommendations.

The President and Chief Executive Officer annually reviews the performance of each executive officer. Recommendations based on these reviews, including those with respect to base salary adjustments, annual incentives and long-term incentives, are presented to the Compensation and Benefits Committee. The Compensation and Benefits Committee can exercise its discretion in modifying any recommended adjustments or awards to these executive officers. The compensation of the President and Chief Executive Officer is determined by the Compensation and Benefits Committee, meeting in executive session without the President and Chief Executive Officer present.

Benchmarks for Executive Compensation

Compensation levels for our executives are compared to the compensation paid to executives at the peer companies specified below. The market for experienced talent is highly competitive. We aim to attract and retain the most highly qualified executives to manage our business functions. In doing so, we draw upon a pool of talent that is

highly sought after by large and established companies. We draw upon a market that is global in scope. Our recently hired President and Chief Executive Officer was the president of Ford Motor Company, Australia and our Senior Vice President and Chief Financial Officer was the chief financial officer of the Sun-Times Media Group, Inc. We recognize that we compete for candidates based upon several criteria, including competitive compensation, potential for future growth and success, culture and Company values. In order to develop a compensation plan which would succeed in attracting the best global talent, the Compensation and Benefits Committee engaged Hewitt Associates, an outside global human resources consulting firm, to formulate a market-competitive pay package in connection with our search for a chief executive officer. The Compensation and Benefits Committee referred to December 2007 reports prepared by Hewitt Associates with respect to market data and other information contained in such reports when reviewing compensation matters. In making compensation decisions, the Compensation and Benefits Committee compares each element of compensation against a peer group of publicly traded manufacturing companies. The comparator group, which is periodically updated by the Compensation and Benefits Committee, consists of companies against which we believe we compete for talent. The companies currently comprising the comparator group are:

- A.O. Smith Corporation
- AMETEK, Inc.
- BorgWarner Inc.
- Briggs & Stratton Corporation
- Caterpillar Inc.
- Cooper Industries, Inc.
- Cummins Inc.
- Deere & Company
- Dover Corporation
- Eaton Corporation
- Emerson Electric Company
- Honeywell International Inc.
- Hubbell Inc.
- Illinois Tool Works, Inc.
- Ingersoll-Rand Company
- Johnson Controls, Inc.
- L-3 Communications Corporation
- Motorola, Inc.
- Oshkosh Corporation
- PACCAR Inc.
- Parker Hannifin Corporation
- Raytheon Company
- Sauer-Danfoss Inc.
- Teleflex Incorporated
- Tennant Company
- Thomas & Betts Corporation
- The Timken Company
- Valmont Industries, Inc.
- Woodward Governor Company
- Worthington Industries, Inc.

Because of the large variance in size among the companies comprising the comparator group, regression analysis is used to adjust the compensation data for differences in revenues. This adjusted data is used as the basis of comparison between our Company and the companies in the comparator group.

We also use published survey data to supplement the determination of competitive levels of compensation in the marketplace.

Elements of Executive Compensation

Our compensation program consists of five components: base salary, annual cash incentives, long-term equity incentives, retirement and health and welfare benefits, and perquisites and other personal benefits. Our programs balance individual, business unit and Company-wide goals and achievements.

Base Salaries

Base salary levels for our executive officers, including our President and Chief Executive Officer, are based primarily on external market data and on the individual performance of each executive officer during the previous year. Base salaries are targeted to be at the 50th percentile of competitive market data. In 2008, actual base salaries for named executive officers ranged from 92% to 111% of market midpoint targets. In addition to the executive's individual performance, the Compensation and Benefits Committee also considers the following factors in setting base salaries and in recommending annual base salary adjustments: the executive's current base salary relative to the targeted level, the executive's level of responsibility, the executive's prior experience and the executive's breadth of knowledge. However, in light of general macroeconomic conditions, for 2009, there were no increases to base salaries awarded to the named executive officers. Mr. Osborne voluntarily elected a 5% reduction of base pay beginning in 2009.

Annual Cash Incentive Payments

Economic Value Program

From 2005 through 2008, annual cash incentive payments have been based exclusively on objective measures of financial performance that relate to the year-over-year increase in Economic Value. Annual cash bonuses to the named executive officers are paid under our management incentive plan. The threshold, target and maximum levels of bonus payable are determined based on the Economic Value of our Company. We believe that Economic Value is tied to the creation of stockholder value because it encompasses both earnings growth and efficient use of capital. Economic Value is the net amount of value earned or lost on an investment after deducting the cost of holding that investment. The underlying rationale for utilizing an Economic Value program for annual cash incentive compensation is to align management and employee interests with the interests of our stockholders. Typically, annual cash incentive payments are approved in February and paid in a lump sum in March.

Economic Value is calculated by using three key inputs:

- Cost of Capital, which is the return required to appropriately compensate investors for investing in our Company. We use a single Cost of Capital for all operating units and for the consolidated Company, which is based on a weighted average of the after-tax cost of our debt and our stockholders' expected return on equity. The Cost of Capital was set at 10% for the 2008 fiscal year.
- Average Capital Employed, which is the investment made by stockholders and debt holders of our Company in the operations of the business. For our Company and its operating units, the capital that is included in the calculation of Average Capital Employed includes the aggregate value of certain assets (principally accounts receivable, inventories, fixed assets, goodwill and other intangibles, and assets held for sale) less the sum of certain non-interest bearing liabilities (principally accounts payable, customer deposits and other non-interest bearing liabilities). Average Capital Employed is calculated as a simple average of the capital employed at each month end in a year.
- Net Operating Profit after Tax, which is the after-tax operating profit of our Company or a particular operating unit. It is calculated by adding operating income and non-operating income and subtracting from this sum non-operating expense and income tax.

Economic Value is calculated by subtracting a Capital Charge from Net Operating Profit after Tax. The Capital Charge is derived by multiplying the Cost of Capital by the Average Capital Employed.

We previously retained Shareholder Value Advisors, a financial and compensation consulting firm, to assist in developing Economic Value improvement goals for our Company and for each of the key operating units of our Company. The targeted Economic Value improvement goals were established based on the estimated improvement needed to give investors a Cost of Capital return on the market value of our Company or business unit. The Economic Value improvement "value multiples" (the estimated investor wealth gains per \$1 of Economic Value improvement) used in deriving the improvement goals were based on statistical models of peer company data.

For 2008, the target incentive compensation awards for all executive officers were set at 100% of the Economic Value improvement goal for the business unit or our Company, with threshold set at 50% of the target goals and maximum set at 200% of the target goals.

The incentive compensation of our President and Chief Executive Officer, Senior Vice President and Chief Financial Officer, and Senior Vice President, Human Resources and General Counsel is based on the achievement of Economic Value goals which have been set for our Company as a whole. The incentive compensation for our other named executive officers have threshold, target and maximum Economic Value goals for their respective business groups and for our Company as a whole, with their aggregate annual incentive award weighted at 70% for achievement of their individual business group goals and 30% for our Company goals. This weighting encourages executives to collaborate across business groups and functions in order to achieve business objectives at the enterprise level as well as in their own business group.

The achievement of the threshold, target and maximum Economic Value goals results in a cash incentive award equal to a pre-set percentage of the executive's base salary. The target percentages of base salary to be paid out upon the achievement of various levels of Economic Value are determined based on competitive market data for each executive position. Economic Value results that fall in between the threshold, target and maximum goals are extrapolated from those points to determine the actual cash incentive award for the executive. In 2008, the target annual cash incentive percentage for the interim President and Chief Executive Officer was set at 95% of his base salary and the target annual cash incentive percentage for Mr. Osborne was set at 90%, to be paid, in each case, on a

pro-rata basis for 2008 service. The target annual cash incentive for our other named executive officers ranged from 55% to 60% of their respective base salaries.

In order to support the achievement of long-term goals, executives are given the opportunity to carry forward the unmet portion of their maximum annual incentive opportunity. One-half of the difference between the maximum opportunity and the actual incentive earned for a particular year can be re-earned over each of the next two years if our Company or the related business group achieves an Economic Value amount for the subsequent year that is at or above target for that year and the result is above the relative level of Economic Value attained by our Company or the business group during the initial year. Any carry forward opportunity that is not earned in either of the two immediately subsequent years is forfeited by the executive officer.

In June of 2008, based on the difficult environment faced by our Company, including management changes, divestitures and cost-cutting initiatives, the Compensation and Benefits Committee amended our Company's management incentive plan for fiscal year 2008 to provide an opportunity for participants to receive a bonus if our Company or the primary business group to which the participant was assigned failed to achieve its threshold Economic Value goal. In the event that our Company or the business group failed to meet its threshold Economic Value goal, the participant would still be eligible to receive up to 20% of his or her target bonus for the year based upon two components of the Company's existing annual performance review process (the ratings of competencies and the achievement of the participant's individual performance objectives for the year).

In connection with this new bonus opportunity, our Company utilized its existing annual performance review process including competency evaluation and the individual performance objectives previously set in the first quarter of 2008. The competencies are determined based upon executive level and evaluated once annually by such named executive officer's manager, except in the case of the interim President and Chief Executive Officer and President and Chief Executive Officer, whose competencies are reviewed by the Compensation and Benefits Committee. The individual performance objectives were derived for each participant and approved by his or her manager, except, again, in the case of the interim President and Chief Executive Officer and President and Chief Executive Officer, whose individual performance objectives were approved by the Compensation and Benefits Committee. These individual objectives are specifically tailored to the participant's job duties and include such things as the achievement of planned transactions and financial goals, the management of functional responsibilities within pre-established budgeted amounts, the resolution of particular projects within the participant's job responsibilities, successful implementation of growth strategies, achievement of strategic goals such as consolidations, acquisitions or divestitures, product or division launches, technology transitions, cost reductions, and successful procurement programs.

Also effective for the 2008 plan year, the Compensation and Benefits Committee authorized an amendment to the management incentive program under which the annual incentive awards earned by any executive officer, including the named executive officers in our Company's proxy statement for the 2008 Annual Meeting of Stockholders, will be subject to a possible reduction of up to 20% of the amount earned under the management incentive program in the sole and absolute discretion of the Compensation and Benefits Committee.

Short Term Incentive Bonus Plan

Upon review of research provided by Hewitt Associates, an outside compensation consultant, the Compensation and Benefits Committee has replaced the Economic Value incentive program beginning with the 2009 fiscal year. The new program, the Short Term Incentive Bonus Plan (STIP), will determine bonuses based upon the achievement of both financial measures and individual objectives. Financial measures will be based upon earnings and cash flows at our Company, business group and division levels, depending upon the position of the participant within our Company. Bonus compensation under the STIP will link to our Company's annual operating plan with 50% based on earnings and 20% based on cash flow measures determined in accordance with generally accepted accounting principles. The remaining 30% will be based on individual objectives with 21% based on performance goal ratings and 9% based on competency ratings as measured by a numeric score received in the annual performance review process. Notwithstanding the foregoing, the Compensation and Benefits Committee retains complete discretion with respect to the STIP. Furthermore, the Compensation and Benefits Committee approves all awards to named executive officers.

Over the course of several months during 2008, the Compensation and Benefits Committee undertook a review of the Company's Economic Value program. The Compensation and Benefits Committee received input from the Board of Directors, Hewitt Associates and management. In addition, it reviewed external market data. The Compensation and Benefits Committee decided to implement a new short term incentive bonus plan. This decision was based on number of factors including the complexity of the Economic Value program, the desire to add

individual performance objectives and competencies to the bonus program, and establishment of a program tied to generally accepted accounting principles (GAAP). The STIP will focus on specific milestones as well as individual objectives which will allow us to reward outstanding individuals with a bonus even in years where our overall financial performance may be low. The Compensation and Benefits Committee believes that rewarding employees upon the successful achievement of individual objectives should increase individual accountability and encourage excellence. The STIP is based upon goals that are easily understood and can be modified each year to reflect our current business plan and market conditions. Payments under the STIP are expected to be approved in February of each year and paid in a lump sum in March.

At our Company level, the 50% earnings component will be based on consolidated income before income taxes. As tax adjustments are largely impacted by external factors outside of the control of the participants, the Compensation and Benefits Committee determined that tax adjustments should not factor into the calculation. Our Company's cash flow financial measure, weighted at 20%, will be based on consolidated net cash provided from continuing operations as reported in our Annual Report on Form 10-K. At the business group level, the 50% earnings component will be based on earnings before interest and taxes thereby excluding taxes and debt, neither of which are generally impacted by participants at this level. The business group cash flow measure, weighted at 20%, will be based on average primary working capital as a percentage of sales (the sum of accounts receivable and inventory less accounts payable and customer deposits divided by net sales for the year).

The incentive compensation under the STIP for our President and Chief Executive Officer, Senior Vice President and Chief Financial Officer, and Senior Vice President, Human Resources and General Counsel is based 70% on the achievement of our Company financial measures and 30% on individual performance measures. The incentive compensation for our other named executive officers is based on the achievement of our Company and business group financial measures weighted 28% for achievement of Company goals, 42% for achievement of applicable business group goals, and 30% for achievement of individual performance measures. The Compensation and Benefits Committee believes that this weighting encourages executives to collaborate across business groups and functions in order to achieve business objectives at the enterprise level as well as in their own business group. The incentive compensation for our executives is based on threshold, target and maximum goals for business groups and for our Company as a whole.

The achievement of the threshold, target and maximum goals results in a cash incentive award equal to a pre-set percentage of the executive's base salary. The target percentages of base salary to be paid out upon the achievement of various levels of goal achievement are determined based on competitive market data for each executive position. Results that fall in between the threshold, target and maximum goals are extrapolated from those points to determine the actual cash incentive award for the executive. Performance goals under the STIP are expected to be determined in the first quarter of 2009.

Payments under the STIP are subject to a "clawback" policy under which our Company will require, to the extent practicable, upon the occurrence of specified events, a named executive officer to repay a portion of his or her performance bonus payment plus a reasonable rate of interest. The clawback policy is triggered by (i) an accounting restatement or a determination by our Board that the performance results were materially inaccurate and (ii) a determination that the amount of such performance-based bonus would have been less than the amount previously paid to such named executive officer taking into account the restated financial results or otherwise corrected performance results.

Long-Term Equity Incentives

Equity ownership plays a key role in aligning the interests of executives with our stockholders. A further purpose of our long-term incentive plan is to provide a means through which our Company may attract the best talent to become our employees, to encourage our employees to engage in the business strategy and success of our Company, and to provide a retention tool through vesting requirements for executives. Accordingly, the Compensation and Benefits Committee has granted equity awards to our executives on an annual basis under our long-term incentive plans. Equity grants are also periodically made to new employees and to existing employees in connection with promotions. In order to ensure continued ownership of the equity granted under the long-term incentive grants, we have instituted stock ownership guidelines for our executive officers as discussed below under the caption "Stock Ownership Guidelines for Executive Officers."

Beginning with the 2008 annual awards, the Compensation and Benefits Committee revised the structure of the long-term equity incentive program such that the awards consist of three components: an option to purchase shares of our common stock, a restricted stock award, and a performance-based restricted stock unit. The overall value of the long-term incentive award has been allocated one-third to each of the three components. The Compensation and

Benefits Committee believes that this mix of equity awards will further align each executive's goals with the intermediate and long-term goals of our stockholders. The award provides an incentive to the executive to drive long-term performance over the vesting and payment periods embedded in the award.

Options vest in equal installments over a three-year period. These options have an exercise price equal to the closing price of our common stock on the date of grant. Restricted stock awards and restricted stock units vest in full on the third anniversary of the date of grant and are valued using the closing price of our common stock on the date of grant. These awards are subject to forfeiture and cancellation if the named executive officer's employment is terminated prior to vesting.

The overall value of the 2008 long-term equity incentive awards was targeted for the named executive officers at the 35th percentile of the value of long-term incentives paid to comparable executives at companies in the comparator group. The decision to target the 2008 award at the 35th percentile instead of the 50th percentile used in prior years was based upon our relatively weak financial performance during 2007. The 2008 equity incentive awards were granted under a long-term incentive plan which was approved by our stockholders in 2005.

The Compensation and Benefits Committee may grant other equity incentives, on a case-by-case basis, as deemed appropriate. For example, the Compensation and Benefits Committee may award restricted stock units to our employees, international executives in particular, in substitution for one or more components of the standard grant described above to promote long-term performance and employee retention. Award value and type of grant will take into account applicable law, administrative issues and competitive market data for the specific country at issue.

The performance-based restricted stock units are tied to the achievement of a pre-determined three-year relative performance metric approved by the Compensation and Benefits Committee based upon relative Total Shareholder Return (TSR). The formula to determine TSR is set forth below.

Change in Stock Price plus dividends paid over the performance period
Beginning Stock Price

"Change in Stock Price" is the difference between the Ending Stock Price and the Beginning Stock Price.

"Beginning Stock Price" is the closing stock price on the trading day before the first day of the performance period.

"Ending Stock Price" is the closing stock price on the last trading day of the performance period.

At the conclusion of the performance period, our Company's TSR is calculated for that period and compared to the TSR achieved by the publicly-traded companies included in our comparator group. Our Company's percentile rank is then assigned based on its relative TSR achievement. At the end of the three-year performance period, each executive officer will be awarded shares, if any, as a percentage of the pre-determined target shares for that executive ranging from 0% to 200% determined by our percentile rank. For the three-year performance period 2008 to 2010, the TSR achieved for the first performance year, 2008, was negative 0.25 which was in the 75th percentile of the comparator group.

For a general description of the award agreement provisions setting forth certain Company payment obligations with respect to specified termination events including death, disability, retirement and change in control, please see page 41 of this proxy statement in the section titled "*Executive Compensation in the Last Fiscal Year*" under the heading titled "*Other Potential Post-Employment Payments.*"

Retirement and Health and Welfare Benefits

We recognize that our employees are the driving force behind the profitable growth of our Company and that our ability to sustain our success is dependent on each individual's well being. To that end we offer a competitive package of Company-sponsored health and welfare benefits to all eligible employees including our executive officers.

- *Retirement Plans* In January 2007, we introduced two new plans, the Retirement Savings Plan and the Savings Restoration Plan. The Retirement Savings Plan is a defined contribution plan that combines a 401(k) plan with a points-weighted Company contribution. Under this plan, executives receive a Company-paid retirement contribution based on their years of service, age and employee status paid as a percentage between 1% and 4% of their eligible compensation. Executives are also eligible to receive a Company-

matching contribution of up to 50% of the first 6% of the participant's compensation that the participant voluntarily determines to contribute to the plan.

For 2007 through 2009, executives who participated in our 401(k) Retirement Plan-Elgin Sweeper Company or in our now frozen defined benefit plan (the FSC Retirement Plan) are eligible to receive a supplemental transitional contribution to our new Retirement Savings Plan and Savings Restoration Plan equal to 1% to 2% of their salary based on age and service as of December 31, 2006.

Upon a voluntary employee deferral, the non-qualified Savings Restoration Plan restores Company contributions limited under the Internal Revenue Code through a notional Company contribution and notional earnings from investments. Certain executives also continue to participate in defined benefit plans that have been frozen for age and service effective December 31, 2006, and will be frozen for wage increases effective December 31, 2016. Effective December 31, 2006, the profit sharing component of the 401(k) Retirement Plan-Elgin Sweeper Company was terminated. Under both the Savings Restoration Plan and the Retirement Savings Plan, based upon their age and years of service, Stephanie K. Kushner, our former Senior Vice President and Chief Financial Officer, Peter R. Guile, President of former subsidiary E-ONE, Inc., Jennifer L. Sherman, Senior Vice President, Human Resources and General Counsel, and Mark D. Weber, President, Environmental Solutions Group, received a supplemental transitional contribution equal to 2% of their eligible compensation in 2008.

- *Health and Welfare Plans* Executives participate in the same broad-based, market-competitive health and welfare plans (medical, prescription, dental, vision, life and disability insurance) that are available to all eligible employees.

Perquisites and Other Personal Benefits

We provide executives with perquisites and other personal benefits that the Compensation and Benefits Committee feels are reasonable and consistent with its overall compensation program to better enable us to attract and retain the best talent for key executive positions. The Compensation and Benefits Committee periodically reviews the levels of perquisites provided. Perquisites provided may include:

- *Vehicle Allowances* Executives receive a monthly vehicle allowance benefit in an amount that is consistent with the executive's position and level in the organization and prevailing market practices.
- *Relocation Assistance* The Compensation and Benefits Committee has authorized reimbursement of relocation expenses pursuant to our Executive Relocation Reimbursement Program or approved by the Committee.

Setting Actual Compensation for the Named Executive Officers

The specific compensation decisions made for each of the named executives for 2008 and year-to-date in 2009 reflect our management's and our Compensation and Benefits Committee's assessments of performance against market benchmarks, performance relative to Company and business group financial and operational measurements, and achievement of individual performance objectives. Our compensation actions for our named executive officers are summarized below.

With respect to the terms of employment of Messrs. Osborne and Barker and the final compensatory arrangements for Mr. Goodwin, our former interim President and Chief Executive Officer; Ms. Kushner, our former Senior Vice President and Chief Financial Officer; and Mr. Guile, President of E-ONE, Inc., a business divested in August, 2008, please also see the section titled "*Executive Compensation in the Last Fiscal Year*" under the heading "*Additional Information About the Compensation Paid to the Named Executive Officers*" beginning on page 36 of this proxy statement.

Base Salary

Mr. James E. Goodwin, a Company director since 2005, served as our interim President and Chief Executive Officer from December 11, 2007 through September 15, 2008. During his service as an interim officer, Mr. Goodwin's annual base salary was \$700,000.

On September 15, 2008, our Board of Directors appointed William H. Osborne as the President and Chief Executive Officer of our Company. Mr. Osborne's initial annual base salary was \$650,000. Mr. Osborne's compensation, including his base salary, was determined by the Compensation and Benefits Committee based upon a report prepared by Hewitt Associates, an outside global human resources consulting firm, in connection with our executive search for a CEO.

In determining base salary increases, the Compensation and Benefits Committee reviews performance, level of responsibility and actual salary as compared to the targeted level (50th percentile) of the comparator group. In January 2008, the Compensation and Benefits Committee set the base salary of our former Senior Vice President and Chief Financial Officer, Ms. Stephanie K. Kushner, at \$338,700, which represented an increase of 2.5% from her prior year's base salary of \$330,460. Effective December 10, 2008, Ms. Kushner's service as our Senior Vice President and Chief Financial Officer ended and William G. Barker, III was appointed as our Senior Vice President and Chief Financial Officer. Mr. Barker's initial base salary was set at \$325,000 per year. Mr. Barker's base salary was determined based upon a review of his pay history, experience and comparable positions in the comparator group.

The base salary of David R. McConnaughey, our Safety and Securities Systems Group President, was raised to \$328,000 during 2008, an increase of 2.5% from his 2007 base pay of \$320,000. The base salary of Peter R. Guile, President of our former subsidiary, E-ONE, Inc., was raised to \$247,200 during 2008, an increase of 3.0% from his 2007 annual base salary of \$240,000. The base salary of Jennifer L. Sherman, Senior Vice President, Human Resources and General Counsel, was raised to \$279,231 during 2008, an increase of 2.5% from her 2007 base pay of \$272,420. The base salary of our Environmental Solutions Group President, Mark D. Weber, was raised to \$305,784 during 2008, an increase of 6.0% from his 2007 base pay of \$288,475.

In February 2009, the Compensation and Benefits Committee determined that there would be no base salary increases in 2009 for our named executive officers. In fact, Mr. Osborne voluntarily elected to take a 5% base pay reduction from \$650,000 to \$617,500 effective January 1, 2009. The Compensation and Benefits Committee's decision was based in part on general macroeconomic conditions, our overall financial position and as part of a cost savings initiative.

Annual Cash Incentive Payments — Economic Value Program

In 2008, the Economic Value target for our Company was negative \$8.4 million. The Economic Value targets for the four main business groups were as follows: \$16.9 million for Safety and Security Systems, negative \$15.8 million for Fire Rescue, \$3.5 million for Environmental Solutions and negative \$3.6 million for Tool. In 2008, our Company and each of the four business groups failed to meet their applicable 2008 Economic Value thresholds. Accordingly, each of the named executive officers (excluding Ms. Kushner and Mr. Guile as a result of their departures from our Company) was eligible to receive up to 20% of his or her 2008 target bonus based upon the achievement of the performance objectives for the year.

The target bonuses for Messrs. Goodwin, Osborne, and Barker and Ms. Sherman were based entirely on the performance of our Company as a whole. For each of Messrs. McConnaughey and Weber, 30% of their respective target bonuses was based on the performance of our Company as a whole, and the remaining 70% was based on the performance of their respective business group. Mr. Barker, who joined our Company in December 2008, was eligible to receive a 2008 annual cash incentive payment prorated based on hire date.

The 2008 annual incentive bonuses paid to our other named executive officers (excluding Ms. Kushner and Mr. Guile who were not eligible to receive an annual incentive bonus for 2008 as a result of their departures) were as follows:

Name	2008 Actual Economic Value Bonus Award / Carry Forward Opportunity (\$)	Company or Business Group Failure to Meet Threshold, Award of 20% of target bonus based on Competencies and Individual Goals (\$)	Aggregate Bonus Amount as a Percentage of Annual Base Salary (%)	Estimated Payouts Under Non-Equity Incentive Plan (Economic Value Program)(\$)			Total Annual Incentive Bonus (\$)
				Threshold	Target	Maximum	
William H. Osborne(1)	—	\$34,525	5%	\$ 86,311	\$172,623	\$345,246	\$34,525
James E. Goodwin(1)	—	\$94,117	13%	\$235,294	\$470,587	\$941,175	\$94,117
William G. Barker, III(1)	—	\$ 2,344	1%	\$ 5,861	\$ 11,721	\$ 23,442	\$ 2,344
David R. McConnaughey(2)	—	\$39,360	12%	\$ 98,400	\$200,631	\$456,450	\$39,360
Jennifer L. Sherman(2)	—	\$30,715	11%	\$ 76,789	\$166,862	\$423,884	\$30,715
Mark D. Weber(2)	—	\$36,694	12%	\$ 91,735	\$186,933	\$421,738	\$36,694

- (1) The amounts stated for Messrs. Osborne, Goodwin and Barker as estimated future payments and actual bonus payments are prorated based upon term of service.
- (2) Maximum and target payouts include potential carry-forward amounts under the Economic Value program. In order to support the achievement of long-term goals, executives are given the opportunity to carry forward the unmet portion of their maximum annual incentive opportunity. Please see the Section titled “*Annual Cash Incentive Payments*” under the heading “*Economic Value Program*” beginning on page 23.

These discretionary bonus payments were based on a numeric rating received during the annual performance review process. Participants who earned a score greater than 2.74 out of a possible score of 5 received the full bonus payment. Each of the Named Executive Officers received a score greater than 2.74 and, accordingly, each such named executive officer received the full 20% bonus opportunity.

Long-Term Equity Incentives

In connection with his appointment as interim President and Chief Executive Officer, Mr. Goodwin received an option to purchase 50,000 shares of our common stock at an exercise price of \$11.84 per share, the closing price of our common stock on December 11, 2007, the date of grant. Mr. Goodwin also received an award of 20,000 shares of restricted stock of our Company on December 11, 2007. These options and restricted shares became fully vested and exercisable on Mr. Goodwin’s last day as our interim President and Chief Executive Officer (i.e., September 15, 2008). Considering his interim status, Mr. Goodwin did not receive additional equity awards in 2008.

For equity awards granted to Messrs. Osborne and Barker in 2008 upon appointment as executive officers of our Company, please see the section titled “*Executive Compensation in the Last Fiscal Year*” under the heading “*Additional Information About the Compensation Paid to the Named Executive Officers*” beginning on page 36 of this proxy statement.

In February 2008, the Compensation and Benefits Committee granted equity incentive awards based on the 35th percentile target level to the other named executive officers as follows:

- Ms. Kushner, Mr. Guile, Mr. McConnaughey, Ms. Sherman and Mr. Weber received options to purchase 29,600, 19,200, 25,400, 16,100 and 27,500 shares of our common stock, respectively, at an exercise price of \$10.59, the closing share price on the date of grant. The options vest in three equal annual installments on the first three anniversaries of the date of the grant.
- Ms. Kushner, Mr. Guile, Mr. McConnaughey, Ms. Sherman and Mr. Weber received restricted stock awards of 9,300, 6,100, 8,000, 5,100 and 8,600, respectively. The restricted shares vest fully on the third anniversary of the date of the grant.
- Ms. Kushner, Mr. Guile, Mr. McConnaughey, Ms. Sherman and Mr. Weber received performance-based restricted stock units of 8,900, 5,800, 7,600, 4,800 and 8,200, respectively. Each performance-based restricted stock unit represents a right to receive up to two shares of our common stock based upon achieving a three-year performance metric. Performance-based restricted stock units targets were determined for the performance period 2008-2010 based upon an overall award value targeted at the 50th percentile of the value of long-term incentives paid to comparable executives at the comparator group.

All unvested stock options, restricted stock awards and performance-based restricted stock units held by Ms. Kushner and Mr. Guile were forfeited in connection with their departures. Ms. Kushner has until March 30, 2009 to exercise previously vested stock option awards. Mr. Guile’s right to exercise vested stock option awards expired November 14, 2008.

In February 2009, the Compensation and Benefits Committee granted equity incentive awards in the form of 40% stock options, 30% restricted stock and 30% performance-based restricted stock units as specified below. The Compensation and Benefits Committee determined, as a result of the uncertain macroeconomic conditions, to award the same number of options in 2009 as was awarded in 2008, resulting in a slightly higher weighting of the mix of options as compared to the 2008 awards which were one-third options, one-third restricted stock and one-third performance-based restricted stock units.

- Mr. Osborne, Mr. Barker, Mr. McConnaughey, Ms. Sherman and Mr. Weber received options to purchase 107,400, 29,600, 25,400, 16,100 and 27,500 shares of our common stock, respectively, at an exercise price of \$6.68, the closing share price on the date of grant. The options vest in three equal annual installments on the first three anniversaries of the date of the grant.

- Mr. Osborne, Mr. Barker, Mr. McConnaughey, Ms. Sherman and Mr. Weber received restricted stock awards of 33,600, 9,300, 8,000, 5,100 and 8,600 shares of our common stock, respectively. The restricted shares vest fully on the third anniversary of the date of the grant.
- Mr. Osborne, Mr. Barker, Mr. McConnaughey, Ms. Sherman and Mr. Weber received performance-based restricted stock units of 32,000, 8,900, 7,600, 4,800 and 8,200 shares of our common stock, respectively. Each performance-based restricted stock unit represents a right to receive up to two shares of our common stock based upon achieving a three-year performance metric during the performance period 2009-2011.

Perquisites and Other Benefits

Vehicle Allowances In 2008, on an annualized basis, Ms. Kushner, Mr. McConnaughey, Ms. Sherman and Mr. Weber each received a vehicle allowance totaling \$11,400. Mr. Guile received a vehicle allowance totaling \$6,736. Messrs. Osborne and Barker received vehicle allowances of \$4,025 (or \$13,800 on an annualized basis per year) and \$655 (or \$11,400 on an annualized basis), respectively.

Relocation Assistance In 2008, in connection with Mr. Osborne's relocation from Melbourne, Australia to the greater Chicago, Illinois area, we reimbursed Mr. Osborne for relocation, temporary living and moving expenses totaling \$127,151 and a related tax gross-up in the amount of \$39,947. Mr. Guile received additional relocation reimbursement in the amount of \$36,400 during 2008 related to his 2007 relocation, \$35,100 of which was attributable to our Company's carrying cost of Mr. Guile's home, a portion of which we expect to recoup upon the sale of the home.

Signing Bonus/Housing Allowance In 2008, in connection with Mr. Osborne's purchase of a permanent residence in the greater Chicago, Illinois area, Mr. Osborne received \$500,000 as a signing bonus and housing allowance.

Indemnification for Repayment of Retention Bonus In 2008, we reimbursed Mr. Osborne the amount of \$263,000 for the retention bonus he was required to repay to his former employer.

Financial/Tax Preparation Services Pursuant to his employment agreement, we reimbursed Mr. Osborne for the services of a financial and estate planning advisor in the amount of \$7,500.

Stock Ownership Guidelines for Executive Officers

Our executive officers are required to acquire substantial holdings of our common stock while employed by us. Individual stock ownership targets are based on a multiple of between two and five times the executive's base salary and executives generally have between three and seven years from the date they become subject to the stock ownership guidelines to comply with the guidelines. While serving as an interim officer, Mr. Goodwin was exempt from this policy, although he remained subject to the director stock ownership program described on page 16 of this proxy statement. Messrs. Osborne and Barker have not met their respective requirements for stock ownership and have 6.5 and 7 years, respectively, to comply. Messrs. McConnaughey and Weber have not met their requirements for stock ownership and have 4 and 2.5 years, respectively, to comply. Ms. Sherman has also not met her requirements for stock ownership and has 2 years to comply.

Compensation Policy Regarding Tax Gross-Up Payments and Limitation of Severance Benefits

On February 20, 2009, the Board adopted a compensation policy regarding tax gross-up payments and limitations of severance benefits. This compensation policy provides, among other things:

- in connection with any employment agreement, severance agreement or change in control agreement entered into with any named executive officer subsequent to the adoption of this compensation policy, we will not make or agree to make any tax gross-up payments to such named executive officer, except for such gross-up provided pursuant to a relocation or expatriate tax equalization plan, policy or arrangement; and
- unless approved by a vote of our stockholders entitled to vote in an election of directors, we will not enter into any compensation agreement with a named executive officer that provides for severance payments (excluding the value of any accelerated vesting of equity based awards) in an amount exceeding 2.99 times the sum of: (i) the named executive officer's highest annual base salary for the year of termination (determined as an annualized amount) or either of the immediate two preceding years; plus (ii) either the named executive officer's current target bonus, or the highest annual bonus awarded to the named executive officer in any of the three-years preceding the year in which the named executive officer's termination of employment occurs (excluding the value of any accelerated vesting of equity based awards).

This compensation policy will not alter the terms of any agreement or compensation or benefit plan in effect on the date of adoption of the policy.

Impact of Accounting and Tax Treatment on Forms of Compensation Paid

Section 162(m) of the Internal Revenue Code provides that compensation in excess of \$1 million paid to the chief executive officer and the other most highly compensated executive officers of a public company will generally be nondeductible for federal income tax purposes, subject to certain exceptions. The Compensation and Benefits Committee intends to structure compensation arrangements in a manner that will avoid the deduction limitations imposed by Section 162(m) in appropriate circumstances. However, the Compensation and Benefits Committee believes that it is important and necessary that the Compensation and Benefits Committee retain the right and flexibility to provide and revise compensation arrangements, such as base salary and cash bonus incentive opportunities, that may not qualify under Section 162(m) if, in the Compensation and Benefits Committee’s view, such arrangements are in the best interests of our Company and our stockholders.

COMPENSATION AND BENEFITS COMMITTEE REPORT

The responsibilities of the Compensation and Benefits Committee are provided in its Charter, which has been approved by our Board of Directors.

In fulfilling its oversight responsibilities with respect to the Compensation Disclosure and Analysis included in this Report, the Compensation and Benefits Committee, among other things, has:

- reviewed and discussed the Compensation Disclosure and Analysis with management; and
- following such review, the Compensation and Benefits Committee recommended to the Board of Directors (and the Board has approved) that the Compensation Disclosure and Analysis be included in this proxy statement.

EXECUTIVE COMPENSATION IN THE LAST FISCAL YEAR

Summary Compensation Table

The following table sets forth information concerning compensation earned during the fiscal years ended December 31, 2006, 2007 and 2008 for James E. Goodwin, our former interim President and Chief Executive Officer, William H. Osborne, our new President and Chief Executive Officer, appointed September 15, 2008, Stephanie K. Kushner, our former Senior Vice President and Chief Financial Officer, William G. Barker, III, our new Senior Vice President and Chief Financial Officer appointed December 10, 2008, and the three other most highly compensated executive officers of our Company. Additionally, the table sets forth compensation information for the stated periods for Mr. Guile, who would have been among the top three highly compensated executive officers in 2008 had Mr. Guile been an executive officer as of December 31, 2008. - (1) See the section titled “*Compensation Discussion and Analysis — Elements of Executive Compensation*” under the heading “*Annual Cash Incentive Payments*” in this proxy statement beginning on page 23.
- (2) These estimated future payouts include potential carry forward amounts, if any earned.
- (3) These columns include information regarding only performance-based restricted stock unit grants. The “Threshold” column represents the minimum amount payable when threshold performance is met. If performance is below the threshold performance, no amount is paid. The “Target” column represents the amount payable if the specified total stockholder return (TSR) performance target relative to the comparator group is reached. The “Maximum” column represents the full payout potential under the plan if our three-year TSR is highest among all of the companies in the comparator group. Shares are awarded, if any, as a percentage of the pre-determined target shares for that executive officer ranging from 0% to 200% determined by percentile rank. For a more detailed discussion of the performance-based restricted stock unit grants, see the section titled “*Compensation Discussion and Analysis - Elements of Executive Compensation*” under the heading titled “*Long-Term Equity Incentives*” beginning on page 25 of this proxy statement.
- (4) The grant date fair values are calculated based upon the provision of SFAS 123(R). Shares in the form of restricted stock are valued at the closing prices of our Company’s common stock on the date of the grant. The Black-Scholes model is used to estimate the fair value of stock options, resulting in an estimated value of \$3.42 for options granted on February 22, 2008, \$4.88 for options granted on September 15, 2008, and \$2.14 for

options granted on December 10, 2008. A “Monte Carlo” simulation model is used to estimate the fair value of performance-based restricted stock units, resulting in an estimated value of \$12.78 for performance-based restricted stock units granted on February 22, 2008 and \$17.47 for performance-based restricted stock units granted on September 15, 2008.

- (5) Mr. Osborne’s awards were made on his first day of employment pursuant to his employment agreement with our Company further described below under the heading titled “*Additional Information About the Compensation Paid to the Named Executive Officers.*”
- (6) Annual incentive award provided in connection with Mr. Goodwin’s service as our interim President and Chief Executive Officer through September 15, 2008. Please see page 15 for equity awards granted to Mr. Goodwin in connection with his service as a director after September 15, 2008.
- (7) Mr. Barker’s awards were made pursuant to the terms of his offer letter with our Company as further described below under the heading “*Additional Information About the Compensation Paid to the Named Executive Officers.*”
- (8) Neither Ms. Kushner nor Mr. Guile had incentive plan awards outstanding at year-end as a result of their departures.

These options and restricted shares became fully vested and exercisable on Mr. Goodwin’s last day as our interim President and Chief Executive Officer.

On September 15, 2008, our Board of Directors appointed William H. Osborne as the President and Chief Executive Officer of our Company, effective immediately. Pursuant to his employment agreement, Mr. Osborne’s initial annual base salary was set at \$650,000. Mr. Osborne is eligible for a prorated annual incentive bonus in 2008. His 2008 target annual incentive bonus is 90% of his annual base salary. In connection with his employment, Mr. Osborne received an option to purchase 75,137 shares of our common stock at an exercise price of \$14.93 per share, the closing price of our stock on September 15, 2008, the date of grant. The option will vest and become exercisable as to one-third of the shares subject thereto on each of September 15, 2009, 2010 and 2011. Mr. Osborne also received an award of 24,559 shares of our Company’s restricted stock that will fully vest on September 15, 2011 and a performance-based restricted stock unit award for 20,991 shares of our common stock, the vesting of which is tied to the attainment of three-year performance metrics relative to our Company’s designated comparator group for the performance period beginning on January 1, 2008 and ending on December 31, 2010. Additionally, our Company credited \$200,000 to a Savings Restoration Plan account established on behalf of Mr. Osborne. Upon each anniversary date of Mr. Osborne’s employment, we will contribute an additional \$200,000 to this account through 2017. Additionally, Ms. Kushner received \$203,220, the amount equal to her unpaid 2008 target annual bonus. Ms. Kushner is entitled to receive health and welfare benefits at the same coverage level

and cost as in effect prior to her termination of services for up to an additional eighteen months, as well as a life insurance and death benefit payout covering an eighteen month period. Mr. Guile had until November 14, 2008 to exercise previously vested stock options. Unvested stock options totaling 29,216, restricted stock awards totaling 14,700, and 5,800 performance-based restricted stock units were forfeited.

- (1) Stock options granted from 2005 to 2008 are subject to graded vesting over a three-year period from the date of grant except that the equity awards granted to Mr. Goodwin upon his appointment as an interim executive officer became fully vested and exercisable on September 15, 2008, Mr. Goodwin's last day as our interim President and Chief Executive Officer.
- (2) Prior to 2007, the exercise price for each option grant was the lowest sale price of our common stock on the date of grant as opposed to our current methodology of using the closing price for our common stock, as reported by the New York Stock Exchange, on the date of the grant of the option.
- (3) Restricted stock awards granted from 2005 through 2008, provide for vesting in full on the third anniversary of the grant date.

- (4) Based on the closing price of \$8.21 per share of our common stock on December 31, 2008.
- (5) The shares in this column will vest if we achieve the threshold target relative to total stockholder return (TSR). The goal is based on our TSR compared to the TSR of the comparator group over the three-year performance period. The final relative TSR goal will not be determined until the end of the three-year performance period, and the payout of this award could range from 0% to 200% of the performance-based restricted stock unit amount originally granted. The performance-based restricted stock units vest in full at the conclusion of the three-year performance period in 2010. For a more detailed discussion of the performance-based restricted stock unit grants, see the section titled “*Compensation Discussion and Analysis — Setting Actual Compensation for the Named Executive Officers*” under the heading “*Long-Term Equity Incentives*” beginning on page 29 of this proxy statement.
- (6) Ms. Kushner has until March 30, 2009, to exercise previously vested stock options. Unvested stock options totaling 52,412, restricted stock awards totaling 29,900, and 8,900 performance-based restricted stock units were forfeited.
- (7) With the sale of our former subsidiary, E-ONE, Inc., and Mr. Guile’s resulting termination of employment with our Company, Mr. Guile had no awards outstanding at fiscal year-end.

Post Retirement Benefits

Pension Benefits Table The following table sets forth information concerning the present value of accumulated pension benefits accrued by and any payments made to the named executive officers:

(1) This retirement plan, which has been frozen, provides retirement benefits for many salaried and hourly employees, including executive officers. Contributions were made on an actuarial group basis, and no specific contribution was set aside for any individual participant. The approximate annual pension benefit set forth in the table is based on years of service and compensation, and reflects dollar limitations under the Internal Revenue Code, as amended, which limits the annual benefits which may be paid from a tax-qualified retirement plan. Participants under this plan are eligible to receive a supplemental transitional contribution to our new Retirement Savings Plan and Savings Restoration Plan equal to 1% to 2% of their eligible compensation.

The normal retirement age under our retirement plan is age 65. The annual pension earned by an eligible named executive officer is equal to 50% of the named executive officer's average monthly compensation (up to a maximum of \$180,000), less one-half of Social Security payments, times the named executive officer's credited service years (to a maximum of 30 years). For purposes of the FSC Retirement Plan, a named executive officer's compensation is his or her salary plus non-equity incentive plan compensation as set forth in the Summary Compensation Table. Under the FSC Retirement Plan, the named executive officers are eligible to retire after age 55 if they have completed at least 10 years of service with our Company. However, in the event of such early retirement, the pension benefits payable are reduced by $\frac{1}{180}$ for each month up to 60 months, and $\frac{1}{360}$ for each month over 60 months, by which the actual retirement age is less than 65 years.

Non-qualified Deferred Compensation Table in 2008 The following table sets forth information concerning contributions, earnings, and balances under non-qualified deferred contribution plans with assets held in the Rabbi Trust for the named executive officers:

(1) Prior to July 2005, eligible named executive officers were permitted to defer up to 100% of his or her annual bonus in our Supplemental Savings and Investment Plan including participation by Ms. Kushner and

Messrs. Guile and Weber. Participation in this plan was frozen in July of 2005 and no additional deferrals were made after 2006.

- (2) The earnings/loss reported under this column have not been reported as compensation in the last completed fiscal year in the Summary Compensation Table because these earnings were not above market. The earnings on the named executive officers' deferred compensation are calculated in the same manner and at the same rate as earnings on externally managed investments of salaried employees participating in the tax-qualified 401(k) savings plan. Dividends on our common stock held by the named executive officers are paid at the same rate as dividends paid to our stockholders.

Other Potential Post-Employment Payments

Mr. Osborne is party to an employment agreement which provides him with post-employment payments in various scenarios. Additionally, Mr. Osborne is entitled to additional benefits under other applicable plans or programs to the extent such benefits are not duplicative with those received under his employment agreement. Except with respect to Mr. Goodwin who did not participate as a result of his interim status, our Company, pursuant to an Executive General Severance Plan, is obligated to make payments to our named executive officers if our Company terminates the executive without "Cause" or the executive leaves our Company for "Good Reason." Except with respect to Messrs. Osborne and Goodwin, our Company has entered into Change-in-Control Agreements which require certain payments to our other named executive officers upon a change in control of our Company.

Mr. Osborne's Arrangement

Under Mr. Osborne's employment agreement, he is entitled to certain benefits upon termination. Mr. Osborne's employment agreement provides, that, in addition to any accrued and unpaid salary and prorated annual cash incentive bonus target, if our Company terminates Mr. Osborne's employment without "Cause" or he resigns for "Good Reason" (as defined in his employment agreement): a) on or prior to September 15, 2010, Mr. Osborne will receive two times his annual base salary paid in equal monthly installments over a period of two years, and one times his annual cash incentive bonus target paid in equal monthly installments over a period of one year; or b) after September 15, 2010, Mr. Osborne will receive one times the sum of his annual base salary plus his annual cash incentive bonus target paid in equal monthly installments over a period of one year. Mr. Osborne will also be eligible to continue to receive health benefits at the same coverage level and cost as in effect prior to his termination for an additional eighteen months.

If our Company terminates Mr. Osborne's employment without "Cause" or he resigns for "Good Reason" within 24 months following a Change-in-Control of our Company (as defined in his employment agreement), then, in addition to any accrued and unpaid salary and prorated annual cash incentive bonus target, Mr. Osborne will receive an amount equal to two times the sum of his annual base salary and annual cash incentive bonus target, including certain gross-up payments, as necessary. In addition, Mr. Osborne's equity awards will become immediately vested and all restrictions on such awards shall lapse including (i) immediate vesting of all outstanding unvested stock options, (ii) immediate vesting and lapse of restrictions on all restricted stock and restricted stock units, and (iii) immediate vesting of all performance-based restricted stock units with performance shares distributed based on target performance on the date of the change in control, prorated through the change in control date. Further, the Company will have an obligation to fund a trust equal to 100% of the amounts necessary to satisfy its liabilities under the Savings Restoration Plan; our Company will have an obligation to vest and cash-out all outstanding cash-based long-term incentive awards held by Mr. Osborne; and, as consideration for the non-compete covenant contained in his employment agreement, Mr. Osborne will also receive an amount equal to one times the sum of his annual base salary and annual cash incentive bonus target. In addition, Mr. Osborne will be eligible to continue to receive medical, dental and prescription benefits at the same coverage level and cost as in effect prior to his termination for an additional 36 months as well as life insurance coverage for a period of 18 months. Mr. Osborne is also entitled to receive \$50,000 in outplacement services.

The agreement provides that Mr. Osborne shall not be entitled to receive duplicative severance or other benefits under any other Company related plans or programs if such benefits are triggered under his employment agreement. To the extent required to comply with Section 409A of the Internal Revenue Code, any severance benefits would not be paid to Mr. Osborne prior to the date that is six months from the date of termination.

If, however, Mr. Osborne is terminated by our Company for "Cause" or if he voluntarily terminates his employment without "Good Reason," our Company shall not provide Mr. Osborne with post-termination payments or benefits other than those vested and accrued under our Company's various compensation plans and programs.

Under Mr. Osborne's employment agreement, "Cause" means: (1) Mr. Osborne's willful and continued failure to substantially perform his duties; (2) Mr. Osborne's conviction of a felony; or (3) Mr. Osborne's material breach of any provision of the employment agreement. "Good Reason" means: (1) a material reduction in or assignment of duties materially inconsistent with Mr. Osborne's authority, duties and responsibilities; (2) a reduction in or cancellation of Mr. Osborne's salary, bonus, compensation or other benefit plans; (3) the failure of our Company to obtain a satisfactory agreement from any successor to our Company to assume and agree to perform our Company's obligations under the agreement; (4) material reduction in Mr. Osborne's budget; (5) material change in geographic location over which Mr. Osborne performs his duties; or (6) any other action or inaction that constitutes a material breach of the agreement.

As a condition to the receipt of post-employment payments under the employment agreement, Mr. Osborne is required to execute a general release in favor of our Company. Mr. Osborne has also agreed (i) not to compete with our Company or solicit Company employees for, in each case, a period of eighteen months following termination of employment; (ii) not to use or disclose confidential information of our Company; (iii) not to disparage or otherwise make derogatory statements about our Company; and (iv) to cooperate with our Company in connection with claims and litigation.

Arrangement of Other Named Executive Officers

The tables on the following pages reflect the incremental cost to our Company of providing payments and benefits under the Executive General Severance Plan and the Change in Control Agreements, which are generally not available on a non-discriminatory basis, in connection with each of the aforementioned circumstances. The amounts shown in the tables assume that such termination occurs on December 31, 2008, and thus, only includes amounts earned through such time. Except with respect to Ms. Kushner and Mr. Guile, for whom the tables reflect actual payments received upon their respective departures from our Company, the actual value of the payments and benefits received can only be determined at the time of separation.

Material Conditions to Receipt of Payments The receipt of payments and benefits upon separation from service in the event of involuntary termination without "Cause" or voluntary termination with "Good Reason" are conditioned on the named executive officers' compliance with the following restrictive covenants set forth in the Executive General Severance Plan:

- Execution of a general release;
- Non-disclosure of confidential information to a third party;
- Non-competition with our Company for a twelve month period; and
- Non-solicitation of employees for a twelve month period.

Payments under Executive General Severance Plan Our Company has adopted an Executive General Severance Plan covering Messrs. Barker, McConnaughey, and Weber and Ms. Sherman that provides for the payment of severance in the event of involuntary termination without "Cause" or voluntary termination with "Good Reason." Mr. Osborne may also be entitled to benefits under this plan to the extent such benefits are not duplicative with benefits under his employment agreement. Mr. Barker's eligibility under this plan began January 1, 2009. Mr. Goodwin did not participate as a result of his interim status with our Company, although the equity awards he received in connection with his appointment as an interim executive officer became fully vested and exercisable on September 15, 2008, his last day as our interim President and Chief Executive Officer. Mr. Guile and Ms. Kushner no longer participate by reason of their departure from our Company and have received certain severance payments pursuant to agreements entered into with our Company, as more fully described in the section titled "*Executive Compensation in the Last Fiscal Year*" under the heading "*Additional Information about Compensation Paid to the Named Executive Officers*" beginning on page 36 of this proxy statement set forth in the Summary Data Charts below.

In 2008, we amended our Executive General Severance Plan in light of Section 409A of the Internal Revenue Code. To the extent required to comply with Section 409A of the Internal Revenue Code, any severance benefits would not be paid to the executive officer prior to the date that is six months from the date of termination (other than due to death).

Termination of the Executive by our Company without “Cause” or by the Executive for “Good Reason” If an executive’s employment is terminated by our Company without “Cause” or by the executive for “Good Reason,” he or she shall receive the following payments and benefits:

- A cash payment equal to the sum of the named executive officer’s base salary and current target annual bonus;
- Payment of a portion of the targeted annual bonus based on the number of days worked in the current year;
- Continuation of health and welfare benefits for up to eighteen months following termination at the same premium cost, and at the same coverage level to the executive, as in effect as of the executive’s date of termination (with the value of medical coverage treated as taxable income to the executive to the extent necessary to comply with Section 409A of the Internal Revenue Code);
- Right to exercise vested options within three months from date of termination (unvested options, performance-based restricted stock units, restricted stock awards and restricted stock units are forfeited); and
- Earned amounts under our Retirement Savings Plan and Savings Restoration Plan.

If, however, the named executive officer is terminated by our Company for “Cause” or if the named executive officer voluntarily terminates his or her employment without “Good Reason,” our Company shall not provide the named executive officer with post-termination payments or benefits other than those vested and accrued under our Company’s various compensation plans and programs.

Payments Made Upon Retirement Our Company provides the following post-termination payments and benefits under the Executive General Severance Plan and award documents upon retirement:

- Accrued and unpaid base salary through the date of retirement;
- Right to exercise vested options within three years from date of termination (unvested options, restricted stock and restricted stock unit awards are forfeited);
- Immediate vesting of all performance-based restricted stock units with performance shares distributed at the end of the performance period based on actual performance and prorated through the date of termination of employment; and
- Earned amounts under our Retirement Savings Plan and Savings Restoration Plan.

Payments Made Upon Death or Disability In the event of death or disability, named executive officers shall receive the following payments and benefits from our Company, under the Executive General Severance Plan and award documents:

- Accrued and unpaid base salary through the date of termination;
- Immediate vesting of all outstanding and unvested stock options. Named executive officers or their designated beneficiaries shall have the right to exercise such options for one year from the date of disability or death;
- Immediate vesting or lapse of restrictions on all restricted stock and restricted stock units, as applicable;
- Immediate vesting of all performance-based restricted stock units with performance shares distributed at the end of the performance period based on actual performance and prorated through the date of termination of employment; and
- Earned amounts under our Retirement Savings Plan and Savings Restoration Plan.

In addition to the benefits listed above, named executive officers will receive benefits under our non-discriminatory disability plan or payments under our group life insurance plan in the event of death or disability.

Payments Made Upon a Change in Control Except with respect to Mr. Goodwin as an interim executive officer, Mr. Osborne who is subject to an employment agreement with our Company, and Ms. Kushner and Mr. Guile who have left our Company, we have entered into Executive Change-in-Control Severance Agreements with our other named executive officers that provide for certain payments in the event of a “Change in Control” of our Company and a qualifying termination. Additionally, certain of the equity award agreements issued under our 2005 Executive Incentive Plan provide for accelerated vesting or lapse of restrictions if the business segment in which the participant is primarily employed is divested and the divestiture results in the termination of the participant’s employment with our Company. Pursuant to our Executive Change-in-Control Severance Agreements, in the event of a separation from service (as defined in Section 409A of the Internal Revenue Code) within

24 calendar months following a Change in Control (other than termination by us for “Cause,” voluntary termination by the executive without “Good Reason,” or by reason of death or disability), or if the executive terminates his employment in certain circumstances defined in the agreement which constitute “Good Reason,” we shall provide each named executive officer with the following severance benefits:

- Payment of any accrued and unpaid salary and prorated annual cash incentive bonus target;
- A lump-sum cash payment equal to two times the sum of the executive’s base salary and current annual target bonus opportunity established under the annual bonus plan in which the executive participates;
- A lump-sum cash payment equal to one times the sum of annual base salary and annual cash incentive bonus target as consideration for the eighteen-month non-compete covenant;
- Immediate vesting and lapse of restrictions on all equity based long-term incentives, including (i) immediate vesting of all outstanding unvested stock options, (ii) immediate vesting and lapse of restrictions on all restricted stock and restricted stock units, and (iii) immediate vesting of all performance-based restricted stock units with performance shares distributed based on target performance on the date of the change in control, prorated through the change in control date;
- Immediate vesting and cash-out of all outstanding cash-based long-term incentive awards;
- Continuation of medical insurance coverage for up to thirty-six months following termination at the same premium cost and at the same coverage level to the executive as in effect immediately prior to the termination of the executive’s employment (with the value of medical coverage treated as taxable income to the executive to the extent necessary to comply with Section 409A of the Internal Revenue Code) and continuation of other health and welfare benefits for up to eighteen months at the same premium cost and at the same coverage level under the Company’s Executive General Severance Plan to the extent not duplicative; and
- If the value of the cash payments and the continuation or acceleration of benefits upon termination under the severance agreements would subject the executive officer to the payment of a federal excise tax as “excess parachute payments,” the executive would be entitled to receive an additional “gross-up” payment to cover the full cost of any excise tax and all of the executive’s additional federal, state and local income, excise and employment taxes that arise on the additional payment.

In 2008, we amended our Executive Change-in-Control Severance Agreements in light of Section 409A of the Internal Revenue Code. To the extent required to comply with Section 409A of the Internal Revenue Code, any severance benefits would not be paid to the executive officer prior to the date that is six months from the date of termination (other than due to death).

A “Change in Control” under the Executive Change-in-Control Severance Agreements is defined as the occurrence of any one or more of the following events:

- acquisition by any one person or group of beneficial ownership of forty percent (40%) or more of the combined voting power of our Company’s then outstanding securities;
- replacement of the majority of the directors during any period of twenty-four consecutive months;
- consummation of a merger or consolidation of our Company with another corporation, other than (1) a merger or consolidation in which the combined voting securities of our Company immediately prior to such merger or consolidation continue to represent more than sixty percent (60%) of the combined voting power of the voting securities of our Company or the surviving entity outstanding immediately after such merger or consolidation; or (2) a merger or consolidation effected to implement a recapitalization of our Company or similar transaction in which no person or group acquires more than 40% of the combined voting power of our Company’s then outstanding securities;
- approval by our stockholders of a plan or an agreement for the sale or disposition of all or substantially all of our Company’s assets; or
- any other transaction that our Board of Directors designates as being a Change in Control.

Under the Executive Change-in-Control Severance Agreements, “Cause” generally means: (1) the executive officer’s willful and continued failure to substantially perform his or her duties; (2) the executive’s conviction of a felony; or (3) the executive’s willful engagement in conduct that is demonstrably and materially injurious to our Company, monetarily or otherwise. “Good Reason” generally means one or more of the following, which results in a material negative change in the executive officer’s employment relationship with our Company: (1) the

AUDIT COMMITTEE REPORT

The Audit Committee of our Board of Directors is currently comprised of five directors, none of whom are officers or employees. All members are “independent” under rules adopted by the New York Stock Exchange and the Sarbanes-Oxley Act of 2002. The Board of Directors has adopted a charter for the Audit Committee, which is available on our website: <http://www.federal signal.com>

In accordance with its written charter, the Audit Committee assists the Board in fulfilling its responsibility for monitoring the integrity of the accounting, auditing and financial reporting practices, and compliance with legal and regulatory requirements of our Company, including our codes of business conduct and ethics. In addition, for each fiscal year, the Audit Committee selects the independent registered public accounting firm to audit the financial statements of our Company and its subsidiaries, subject to approval by the Board of Directors. In fulfilling its oversight responsibilities, the Audit Committee reviewed the audited financial statements in the Annual Report with management, including a discussion of the quality, not just the acceptability, of the accounting principles, the reasonableness of significant judgments, and the clarity of disclosures in the financial statements. The Audit Committee also reviewed disclosures made by our Company’s management during the certification process for the Form 10-K and Form 10-Q about any significant deficiencies in the design or operation of internal controls or material weaknesses therein and any fraud involving management or other employees who have a significant role in our internal controls.

The Audit Committee reviewed with the independent accountants, who are responsible for expressing an opinion on the conformity of those audited financial statements with generally accepted accounting principles, their judgments as to the quality, not just the acceptability, of our accounting principles and such other matters as are required to be discussed with the Audit Committee under generally accepted auditing standards (including Statement on Auditing Standards No. 61). In addition, the Audit Committee has discussed with the independent accountants the accountants’ independence from management and our Company, including matters in the written disclosures pursuant to Rule 3526 of the Public Company Accounting Oversight Board *Communicating with Audit Committees Concerning Independence*, and considered the compatibility of non-audit services with the accountants’ independence.

The Audit Committee has adopted a policy for the pre-approval of all services and fees to be provided by our independent accountants for audit, audit-related, tax and all other services, which are allowable under applicable rules and regulations. The Audit Committee annually pre-approves types of services and fees. The Audit Committee periodically approves changes in such authorization and also delegates such periodic approval to the Committee Chairman, who reports any such authorizations to the Audit Committee at its next meeting.

The Audit Committee discussed with our internal auditors and independent accountants the overall scope and plans for their respective audits. The Audit Committee meets with the internal auditors and independent accountants, with and without management present, to discuss the results of their examinations, their evaluations of our internal controls, and the overall quality of our financial reporting.

In reliance on the reviews and discussions referred to above, the Audit Committee recommended to the Board of Directors (and the Board has approved) that the audited financial statements be included in the Annual Report on Form 10-K for the year ended December 31, 2008 for filing with the Securities and Exchange Commission.

SUBMITTED BY THE AUDIT COMMITTEE

CHARLES R. CAMPBELL, CHAIRMAN

ROBERT M. GERRITY JAMES E. GOODWIN ROBERT S. HAMADA DENNIS J. MARTIN

Notwithstanding anything set forth in any of our previous filings under the Securities Act of 1933 or the Securities Exchange Act of 1934 that might incorporate future filings, including this proxy statement, in whole or in part, the preceding report shall not be deemed incorporated by reference in any such filings.
