

Joe Wilson

President Industrial Systems Division, Safety and Security Group

Joe Wilson is president of Federal Signal Corporation's Industrial Systems Division, Safety and Security Group. Wilson joined Federal Signal in 1987 as the Western Regional Sales Manager for Electrical Products and has continually progressed through the organization into positions of increasing responsibility. Wilson holds a Masters of Business Administration from DePaul University and a Bachelor's of Science in Marketing from Purdue University.

In his current role, Wilson is responsible for Federal Signal's Industrial Division which includes the Industrial Systems; the Integrated Systems Group, a department that provides global custom-engineered solutions for communications, life safety and security; Alerting and Notification Systems, a leader in mass notification solutions for communities and facilities around the world, which includes the Codespear® software product line; and Victor, a global supplier and manufacturer of mining products.
