

William H. Osborne
President and Chief Executive Officer

William H. Osborne, 48, is president and chief executive officer at Federal Signal Corporation. Osborne leads Federal Signal's enterprise-wide efforts to deliver innovative products and solutions to its customers and building shareholder value for stockholders.

Prior to joining Federal Signal in September 2008, Osborne served in a number of senior-level positions with Ford Motor Company. Most recently, Osborne served as president and chief executive officer of Ford of Australia. Previously, he served as president and chief executive officer of Ford of Canada. Osborne's earlier assignments included a variety of roles in product design, development and engineering. Prior to joining Ford, Osborne held positions at Chrysler and General Motors.

Osborne received a Master of Business Administration degree from The University of Chicago, a Master of Science degree in mechanical engineering from Wayne State University and a Bachelor of Science degree in mechanical engineering from Kettering University.
