

Esa Peltola

President, Fire Rescue Group

Esa Peltola has been the president of the Federal Signal Corporation's Fire Rescue Group since 2007 and managing director of Bronto Skylift OYAB since 1998. Peltola is continuing to expand Bronto's robust global presence in the industrial maintenance markets and in the global firefighting service.

Since joining Bronto in 1969 as an electrician's assistant, Peltola has held a variety of positions of increasing responsibility in design, maintenance, product management, and sales and marketing.

Peltola holds a Bachelor of Science degree in mechanical engineering from The Technical Institute of Turku in Finland.
