

Manfred Rietsch

President, Federal Signal Technologies Group

Manfred Rietsch is president of Federal Signal Corporation's Federal Signal Technologies Group (FS Tech). In this role, Rietsch leads FS Tech to offer innovative end-to-end solutions to the electronic tolling and ITS markets, thereby driving long-term revenue generation and earnings growth and providing enhanced value to Federal Signal stockholders.

Previously, Mr. Rietsch served as founder and Chief Executive Officer of VESystems LLC, a market leader in backoffice systems development and integration. Federal Signal acquired VESystems LLC on March 2, 2010. Prior to that, he held the position of regional business development director, Middle East, for McDonnell Douglas / Boeing Corporation.

He is a member of the board of directors for the Outreach non-profit foundation and also serves on the board of The Early and Pioneer Naval Aviators Association.

Rietsch served 26 years as a US Marine. He holds a Bachelor of Arts degree in Philosophy from the University of Minnesota and a Masters of Science degree in Systems Management from the University of Southern California.
