

**Esa Peltola**  
**President and Managing Director, Bronto Skylift**

Esa Peltola, 56, is president and managing director of Federal Signal Corporation's Bronto Skylift business unit. Peltola is continuing to expand Bronto's robust global presence in the industrial maintenance markets and in the global firefighting service.

Peltola was named president of Bronto in 2007 and managing director in 1998. Since joining Bronto in 1969 as an electrician's assistant, Peltola has held a variety of positions of increasing responsibility in design, maintenance, product management, and sales and marketing.

Peltola holds a Bachelor of Science degree in mechanical engineering from The Technical Institute of Turku in Finland.

**About Federal Signal Corporation**

Federal Signal Corporation (NYSE: FSS) is a leader in advancing security and well-being for communities and workplaces around the world. The company designs and manufactures a suite of products and integrated solutions for municipal, governmental, industrial and airport customers. Federal Signal's portfolio of trusted, high-priority products include Bronto aerial devices, Elgin and Ravo street sweepers, E-ONE fire apparatus, Federal Signal safety and security systems, Guzzler industrial vacuums, Jetstream waterblasters and Vactor sewer cleaners. In addition, the company operates consumable industrial tooling businesses. Federal Signal was founded in 1901 and is based in Oak Brook, Illinois.
