

**Mark D. Weber**  
**President, Environmental Products Group**

Mark D. Weber, 49, is president of Federal Signal Corporation's Environmental Solutions Group (ESG). In this role, Weber is leading ESG in expanding global opportunities to increase shareholder value.

Prior to 2003, Weber was vice president of sweeper products for EPG. Weber also served as vice president and general manager and vice president of operations of the Elgin Sweeper Division.

Prior to joining Federal Signal in 1996, Weber served as director of advanced mid-range manufacturing for Cummins Engine Company. He previously held a series of positions of increasing responsibility in engineering and manufacturing. Weber began his career with Cummins in 1979 as a manufacturing engineer.

He is a member of the board of directors of the Environmental Research and Education Foundation and serves on the United Way Manufacturing Committee.

Weber holds a Bachelor of Science degree in mechanical engineering from the Rose Hulman Institute of Technology and a Master of Business Administration degree from Indiana University.

**About Federal Signal Corporation**

Federal Signal Corporation (NYSE: FSS) is a leader in advancing security and well-being for communities and workplaces around the world.
