Federal Signal Appoints Senior Vice President, Safety and Security Systems Group

Oak Brook, Illinois, February 11, 2016 – Federal Signal Corporation (NYSE: FSS), a leader in environmental and safety solutions, announced today that it has promoted Matthew B. Brady to the position of Senior Vice President of its Safety and Security Systems Group (SSG). SSG is a leading manufacturer and supplier of comprehensive safety systems and products sold globally to both municipal and industrial customers. In this new role, Mr. Brady will lead all aspects of SSG’s businesses based in North America. Mr. Brady joined the company in 2006, serving most recently as Vice President and General Manager of the Integrated Systems Division within SSG.

“Matt has been a key leader, with direct responsibility for the realignment of the Integrated Systems Division,” said Jennifer L. Sherman, President and Chief Executive Officer. “As Senior Vice President of SSG, Matt will continue to drive for operational excellence and execute our plans to grow, organically and through strategic core-based acquisitions.”

“I am very pleased that this promotion comes from within our organization,” continued Ms. Sherman. “The strength and depth of our management team demonstrates our success in attracting and retaining knowledgeable business leaders that are invested in and committed to Federal Signal’s continuous improvement.”
